Schedules, Routes  
for Bus Service in  
City Are AnnouncedThirty Minute Service  
Throughout Most of  
Day is Provided

Officials of the Dixon Transit company today announced the inauguration of bus service two regular routes. The schedule will be maintained every 30 minutes throughout the day beginning at 6 o'clock in the morning and continuing until midnight. On both city routes the single fare will be ten cents, but special tickets may be purchased from drivers, the terminal at the Watts garage or the company's offices at 96 Galena avenue, providing three rides for 25 cents or 12 rides for 90 cents.

The first Dixon-to-Amboy route was opened this morning at 6 o'clock, the bus running via the Green River ordinance plant, and is to be continued daily.

Announcement was also made of a change in the rate of fares for ordinance plant workers. Single fares will be 25 cents, 12 ride tickets, \$2.50 and 24 ride tickets, \$4.80. The same schedule will be maintained on the defense plant route.

The schedule for the city bus line service as announced by the company officials, follows:

Record of Available  
House, Rooms, Etc., in  
Dixon Held Essential

Headquarters for the Dixon Home Registration service were opened today on the second floor of the city hall with A. J. Kowalski and Miss Madge Hogan in charge. Every landlord in Dixon is requested to list at once, any vacant houses, apartments or rooms which are available for immediate occupation. The registration may be made in person or by calling phone No. 70.

The registration is of vital importance in Dixon, it was announced today. The result of the survey will have a real effect upon priorities of building materials which are now frozen, and also provide a central location for the accommodation of defense plant workers who are arriving daily in large numbers.

## The War Today!

By DEWITT MacKENZIE  
Wild World War Analyst  
(Telegraph Special Service)

There have been indications lately of discontent in Germany, the latest being the report (unconfirmed but from a responsible source) that some of Hitler's generals have notified him that if his 1942 campaign in Russia fails they will try to institute a plan of their own calling for "abolition of the Nazi system."

Naturally the question arises as to how much of a hold nazism has on the German people. In this connection Mrs. Franklin D. Roosevelt has put her finger on a vital point with the observation that it will require many years after the war to educate German youth to understand that democracy is better than Hitler's theory of racial superiority and hatred for other peoples.

That certainly is true, and it will represent one of the greatest of the post-war problems. But it also is a matter of immediate moment, since Hitler is depending heavily on the support of young Germany to pull him through.

The manner in which the young German mind has been Hitlerized since the fuhrer assumed control nine years ago is one of the phenomena of our time.

And throughout this pagan structure runs the awful spirit of brutal militarism. Might is right, and the Germans are the supreme race to which the rest of the world must bow.

Both boys and girls, young men and young women, have become so fanatical that many of them

## Realization

Teaneck, N. J., May 7.—(AP)—The war's demand on manpower has made possible realization of the boyhood dream of sleeping in a fire-school seniors, and they are getting \$2 a night for it.

What's more, the time spent in learning how to jump into their trousers and zip down the brass pole without lost motion hasn't hurt their school work. They seem to find more time for study.

They are filling in for department regulars lost to the armed services. Fire Chief Francis A. Murray asked for high school boys, and with permission of parents and Dr. Charles H. Steel, the high school principal, they stay at headquarters from 8 p. m. to 7 a. m.

"When I was their age, or a little younger," reminisced Dr. Steel, "I'd have paid \$30 a month for the privilege of riding on fire apparatus. Getting paid for it exceeded my wildest dream of youth."

Treat War Bond Pledge Canvasser as  
Friend, State Administrator Pleads

Chicago, May 7.—(AP)—Norman Collins, state administrator of the Illinois War Savings Staff, assured Illinoisans today high pressure sales methods would not be used by canvassers collecting war savings bond and stamp pledges next week.

He asked 100 per cent cooperation between the public and the pledge-takers and stressed that pledges would be purely voluntary and would be treated in confidence.

"Treat the 'Minute Man' caller as a friend," Collins asked. "He or she will make no attempt at high pressure selling; there will be no 'foot-in-the-door' methods; the caller is giving time and energy freely as a representative of Uncle Sam. Please treat the caller

Victory Parade in  
Dixon Saturday P. M.  
Will Be Big FeatureWill Start from D. H. S.  
at 3:30 O'clock; Mass  
Meeting to Follow

Chairman Harry Beard of the Victory Day parade committee today announced the line of march and order of assembly for Saturday's event. The Dixon Municipal band, the high school band and the Ashton and Amboy high school bands will appear in the parade, together with delegations of all patriotic organizations of the city. Girl and Boy Scout groups and a section reserved for school children.

All merchants of Dixon were today being requested to enter their delivery trucks, decorated with special posters, which may be secured from Chairman Beard. Advance reports indicate that the parade will be one of the largest ever witnessed in Dixon.

Those participating will report at the north side of the high school on West Boyd street Saturday afternoon at 2:30. The parade will move at 3:30, the line of march being as follows:

East on Boyd street to Galena avenue; south on Galena avenue

Militia Will Get  
Uniforms Tonight

Members of Co. A, Illinois Reserve Militia, have been ordered to report at the Armory this evening to be issued the uniforms which were received today. The company will appear in their late issue of uniforms in the Victory parade Saturday afternoon.

Officers of the local company have received many letters from former members, now in the service, in which the writers have stressed the advantage of the training received in the Dixon company in their military life.

One of these letters written by Leonard Vaessen, mayor of Sublette, now quartered at Camp Robinson, Ark., after enlisting with his brother in the service, expresses his appreciation to the officers of Co. A, for the initial training received as a member of the local I. R. M. unit, and urging other young men of this vicinity to avail themselves of this opportunity before entering service. He further states that the training received from the company officers is equal to that being given in the regular army posts.

Senators Denounce  
Scheme to Seize All  
Private Automobiles"People Pushed Around  
to Satisfy Egotists",  
Says Sen. Johnson

Washington, May 7.—(AP)—Endorsement by seven government officials of a proposal to requisition private automobiles moved Senator Johnson (D-Colo.) today to declare that the American people were being "pushed around to satisfy the egotism of some bureaucrats."

Johnson was one of four senators who spoke out against a bill that would authorize the government to take and pay for private motorcars or parts, and to seize the auto of anyone convicted of driving faster than 40 miles an hour.

In the midst of this flare-up, the Office of Price Administration sent out instructions to local rationing boards in 17 eastern seaboard states and the District of Columbia limiting "non-essential motorists to from two to six gallons of gasoline a week after May 15."

Each motorist, the office of price administration says, can make his own decision whether to use his weekly gasoline ration each week from May 15 until July 1 or use it all up at one time.

Price Administrator Leon Henderson and Undersecretary of War Robert P. Patterson were among seven government officials who urged the senate military committee yesterday to approve the automobile seizure-and-pay bill as part of the campaign to save rubber for military uses.

Enough Authority Now  
Johnson told reporters he was satisfied there was sufficient legal authority now for the government to take over any equipment it needed in the war program, and he saw no necessity of new legislation.

"I'm getting tired of unnecessarily pushing people around to satisfy the egotism of some bureaucrats," the Colorado senator declared. "The American people are anxious to make any sacrifices essential to the war effort, but they are getting tired of being pushed around."

With somewhat the same attitude, Senator Taft (R-Ohio) said he believed the objective could be accomplished by voluntary appeals to motorists to sell to the government any unneeded tires they had and to exercise care with those on their cars.

Henderson and the other government officials were reported to have told committee members the shortage was so acute that within a year there would be no new rubber for any civilian, regardless of priorities. Nor would any synthetic rubber be available for other than military needs.

Senator Pepper said he resented "the government's taking over private autos until something has been done about getting synthetic rubber production."

Despite this opposition, Chairman Reynolds (D-NC) predicted the committee would approve the legislation Saturday.

On Rubber Shortage

Wreckage of Army  
Plane Lost 12th  
of December Found

Washington, May 7.—(AP)—The war department announced officially today the finding of the wreckage of an army plane bearing Major Gen. Herbert A. Dargue, commander of the First Air Force, and seven others, which disappeared nearly five months ago on a transcontinental flight.

The wreckage was found in mountainous country near Bishop, Calif. All aboard were dead.

General Dargue was accompanied by two officers of the war department general staff, three officers of the army air corps and two enlisted men.

The plane was en route from Phoenix, Ariz., to Hamilton Field, Calif.

## PERSISTENCY WINS

Los Angeles, May 7.—(AP)—G. B. Burns, who vowed he'd never rest until his son's body was found, has discovered wreckage tentatively identified as that of any army transport which carried Maj. Gen. Herbert A. Dargue and seven other army men to death Dec. 12.

Burns, from Spokane, Wash., came to southern California last week end to search for the body of his son, Lieut. Homer C. Burns of March Field, Calif., co-pilot of the Dargue plane.

After five days of skiing over treacherous trails in rugged, snow-covered mountains they came upon the wreckage at dusk last night.

The location was kept secret until army officers could reach the scene today and post guards. Aboard the plane when it left Phoenix, Ariz., Dec. 12 were:

Gen. Herbert A. Dargue, commander of the First Air Force.

Col. Charles W. Bundy, general staff, Washington.

Col. George W. Ricker, general staff, Washington.

Maj. Hugh F. McCaffery, Mitchell Field, L. I.

Capt. J. O. Leavitt, listed as the pilot.

Lieut. Homer C. Burns, co-pilot. Staff Sgt. Stephen Hoffman, March Field, Calif.

Pvt. Samuel J. Ivan Hamm, March Field, Calif.

Outstanding Heroes  
of First World War  
Given Commissions

Washington, May 7.—(AP)—The war department announced today that two outstanding heroes of the first World War—Sergeants Alvin C. York and Samuel Woodfill—had been given army commissions as majors.

Undersecretary Robert P. Patterson said they would be assigned to the army ground forces for infantry work.

He also announced that several thousand army air force mechanics would receive postgraduate training each month in principal aircraft plants turning out combat planes.

York, Patterson noted, was dubbed "the outstanding soldier" of the first World War by Marshal Ferdinand Foch of France and the same praise was given Woodfill by General John J. Pershing of the A.E.F.

Both held the Congressional Medal of Honor.

Use of Copper in 100  
Articles Forbidden

Washington, May 7.—(AP)—The War Production Board today prohibited the use of copper, brass or bronze after May 31 in more than 100 additional civilian commodities—including pins, Christmas tree bulbs, neon and fluorescent lighting for advertising signs, musical instruments, cooking utensils, and electric razors.

The drastic order, emphasizing the gravity of the copper supply situation, meant a complete stoppage of production for many of the commodities on the list for which no copper substitutes have been found.

American Birthrate  
Increasing Steadily

Washington, May 7.—(AP)—The American birthrate, which has been climbing steadily since about the time of the draft, showed another big increase in the first three months of this year.

The census bureau said there were 9.3 per cent more births this quarter than in the corresponding period last year. The estimated birth rate in January, February and March was 19.5 births for every 1,000 population, while a year ago the rate was 17.8.

French Naval Base  
on Madagascar Now  
in Hands of BritishDiego Suarez Reported  
Captured by Invaders  
Within 48 Hours

(By The Associated Press)  
British shock troops have captured the big naval base of Diego Suarez in Madagascar less than 48 hours after their attack on the 1,000 mile long French island, it was officially announced today, while Japanese warships started threatening new maneuvers north of Australia.

Allied bombers dealt a heavy blow to the potential Japanese invasion armada reported massing near Bougainville, in the Solomon Islands, Gen. Douglas MacArthur's headquarters announced.

No details were given, but a communiqué said allied warplanes rained explosives on the enemy fleet in a "successful" attack.

The surrender of French colonial forces opposing the British occupation on northern Madagascar followed swiftly after the defenders had beaten off the first British attack yesterday, inflicting more than 1,000 casualties.

Taken in Night Attack  
"Antsirana, chief town in the harbor of Diego Suarez, was captured by night attack last night," a British Admiralty-War Office communiqué said.

British Commandos and infantry striking from the south launched the main attack on the key naval base, which commands allied sea lanes to the Middle East, India and China.

Royal marines landed north of the town to create "a valuable diversion," the communiqué said.

While the fall of Diego Suarez constitutes a major victory in the British campaign, which started at dawn Tuesday, considerable further resistance may be expected from the remainder of the island's 5,000,000 French and native population.

Under orders from France's pro-German Premier Pierre Laval to fight to the end, the island's defenders presumably will offer stiff opposition at Tananarive, the capital, on a plateau in the center of the island, and at Tuléar, the site of a big air base, in the southwest.

A French submarine and a sloop were reported sunk in Diego

"Matty, Jr." Wins  
Through Courage

Saranac Lake, N. Y., May 7.—(AP)—Sheer courage against physical handicaps has won for Christy Mathewson, Jr., son of the late baseball immortal, a captaincy in the United States Army Air Corps.

The promotion marks a major uphill step for the 35-year-old air officer who, as a flying instructor for the Chinese government in 1932, lost a leg and severely injured an arm in an airplane crash. The crash cost the life of his bride.

That would have ended the flying career of a less determined man. But the name Mathewson had become synonymous with determination.

The flyer's father, whose name was a byword with baseball-loving America, had fought a five-year battle against tuberculosis which cut short his pitching career. He was gassed while overseas after volunteering for service in World War I, leading to the disease which took his life here in 1925.

Obtaining an artificial leg, "Matty, Jr." finally persuaded Air Corps officials he still could fly—and what is more important, that he hadn't lost his nerve. They gave him a post in the intelligence service.

Cattle Growers Holding Beef from  
Market; OPA Ceiling Lowers Prices

Chicago, May 7.—(AP)—Cattle producers, reacting quickly to sharp price declines since the Office of Price Administration's announcement that ceilings would be imposed on dressed beef, have reduced substantially shipments to all major markets.

A drop of 25 cents to \$1 a hundred pounds in values late last week, followed by another 50 cent decline Monday, convinced producers their best bet in resisting the downturn was to curtail marketings. Livestock circles acknowledged today producers had gone into curtailment with a vengeance.

Wainwright's Will  
to Stay With His  
Men Is Revealed

By DEAN SCHEDLER

Allied Headquarters, Australia, May 7.—(AP)—The story of "Wainwright's rock"—Corregidor—is the story of men who held on and fought until their endurance was stretched beyond human limits by a merciless blasting from the air and from massed artillery.

The fall of the fortress deeply affected all of us here in Australia who worked with those men.

The last time I talked to Lieut. Gen. Jonathan M. Wainwright, I said to him: "You should be leaving, not me." I was the last American newspaper man to leave.

He replied: "I'll stay on the rock as long as it is humanly possible."

Describes Gun Hammering  
At the end, Corregidor suffered terrible punishment from guns and bombs, said Maj. William R. Bradford of San Antonio, Tex., who reached Australia just two days ago with the last Americans from the rock.

The Japanese heavy cannon, firing approximately three miles from the Cavite area and six miles from the Bataan shore, hammered the island's gun positions and tunnel mouths throughout the day.

Bradford, who recently won the distinguished flying cross, was one of the pilots who volunteered to make the last flight to Corregidor to deliver urgently needed medicines. Before he started back to Australia, Bradford, too, urged Gen. Wainwright to leave, and told him the United States and the united nations needed generals of his type on other fronts.

## "I Will Share Their Lot"

But Wainwright replied: "I have been with my men from the start, and if captured I will share their lot. We have been through so much together that my conscience would not let me leave before the final curtain."

"Americans shaken by the loss of Bataan should not feel the fall of the Manila bay forts to be a double tragedy, but rather the exemplification of the grimness of our spirit when we stay to the end with a job to be done."

When I left the Philippines just after the fall of Bataan, Corregidor already had been subjected to weeks of vicious pounding by the Japanese shore batteries and hundreds of air bombers, but the men on the rock assured me the

## On the Side

Cleveland, May 7.—(AP)—For the benefit of armchair strategists, paper table covers bearing war zone maps soon will be used in several Cleveland restaurants. This will save laundry bills and linen cloths now being penciled by "table generals."

Hartford, Conn., May 7.—(AP)—Now it can be told—why Professor Henry A. Perkins wore a Vandyske beard during the 40 years he taught at Trinity College.

"In 1902 when I was a young instructor," he disclosed upon his retirement, "I one day was mistaken for a freshman. That was what led to my beard."

Oklahoma City, May 7.—(AP)—J. M. Doughty, 39-year-old Civil Engineer, got into the navy the hard way.

When he volunteered, naval recruiting officers found he had three college degrees and told him to apply for a commission. He was back Tuesday, told them it would take too long to get a commission.

Doughty then passed his physical examination, except for his teeth. He had 'em all pulled and a new set installed overnight. He was signed up as a carpenter's mate first class, yesterday.

This made a distinct contrast with April, when 767,439 salable head arrived at the same 12 markets compared with 659,696 in April, 1941. For the first four months this year salable receipts totaled 2,996,157 head against 2,521,271 in 1941.

A feature of the cattle runs was the practically complete absence of choice or prime steers.

Navy Announces Its  
Latest Figures on  
Men on CorregidorPossible Casualties on  
Islands Since April  
15 Unconsidered

Washington, May 7.—(AP)—The war department announced today that 11,574 soldiers, sailors, marines and civilians presumably were captured by the Japanese on Corregidor and the other Manila Bay forts.

The estimate was based on reports received up to April 15, a communiqué said, and did not take into consideration casualties which might have been suffered in the last three weeks.

The total included 2,275 naval personnel, 1,750 marines, 3,734 American soldiers, 1,280 Philippine scouts, 1,446 soldiers of the Philippine commonwealth army, and 1,269 civilians, including civilians and individuals not otherwise classified.

The communiqué was issued at a press conference by the Undersecretary of War, Robert P. Patterson, who said that Lieutenant General Jonathan M. Wainwright, commanding the American-Filipino forces, presumably was among those captured.

The communiqué, No. 219 of the war, said:

## Text of Communiqué

"The total of soldiers, sailors, marines and civilians on Corregidor and the other fortified islands in Manila Bay at the time of their capture by the Japanese is estimated to be 11,574. This estimate is based on reports received up to April 15, 1942, and does not take into consideration casualties which may have been suffered since that time."

No communication has been received from the Philippines by the war department since early in the morning of May 6. It is presumed that all persons on the four fortified islands are now prisoners of war.

"The Japanese government has announced that it intends to follow the provisions of the Geneva convention in its treatment of prisoners of war. This convention provides for exchange of lists of prisoners of war. As soon as any list of prisoners is received from Japan, through neutral countries or through the International Red Cross, it will be made public by the war department."

## May Turn on China

Flushed with their conquests in Burma and the Philippines, the Japanese war lords were expected by military strategists today to turn in full fury on China in an effort to knock out that potentially powerful United Nations force.

As the war in the Pacific entered on its sixth month, these military experts pointed out, however, that the headlong rush of the Japs had carried them to a point where they might turn in any of several directions. Their only reasonably sure course will be an attempt to cut the supply line to Australia.

As the experts here view them, the possibilities in order of their probable occurrence are:

1. A pincer's squeeze on China, one main force striking from the north and the other from the south, the latter employing the armies already emerging from Burma into China.

2. An attack on Russia, which military men unanimously agree the Japanese will undertake sooner or later. The timing is almost certain to depend on developments on the Russo-German front.

3. An assault on Australia itself probably designed to wipe out north coast bases for allied offensive action rather than to lead to the conquest of the entire continent.

## Hawaii or Alaska

4. Raids in force, if not full scale attacks, against either Hawaii or Alaska or both because of their offensive threat.

5. The conquest of India, or at least its eastern coastal areas and sections near Burma, an undertaking which might well depend on whether the Japanese could expect a friendly or an actively hostile populace.

The mere magnitude of these possibilities suggests, military men said, that before the United Nations can turn the tide of war in the Pacific they must expect to

And you knew him to be "her pride and her joy"  
As she gave him a look which you understood  
My mother murmured, "Good-bye Bill—be good!"  
Of course it was Mother—I knew when you said,  
"She braced her shoulders and held high her head".  
Bill was leaving for Texas, a "Flying Cadet,"  
The best of them all and he'll prove it, I'll bet.  
He'll have as a symbol as he soars through the sky  
A picture of strength "with her head held high"  
Knowing my mother, he understood  
That she didn't just mean "Good-bye son—be good!"  
She meant—"Son have courage—your duty to do  
For the life of our nation depends upon you."

You're a link in a chain and I've made you strong;  
You've been welded and tempered, blessed and sent on."

I'm glad that you "saw her kiss him good-bye."  
And mingle once more with the crowd passing by".  
You would not forget that prayer tho' if you could  
Of my mother's to Bill—"Good-bye, son—be good!"  
Battles are fought by boys like my brother,  
But victories are won by folks like my mother.

## Sen. Lucas Has Words of Praise for Russians

Washington, May 7.—(AP)—Senator Scott Lucas, Democrat from Illinois, said that although he had criticized the spreading of Communism in United States in the past, he knew of "no instance in the history of the world which demonstrates the tie of nationalism more strongly than the heroic stand of Russia in this hour."

He asserted in a senate speech yesterday "the fact that any nation can take what Russia did in the early history of her struggle with Germany, and then counter attack during the winter months with such reckless courage and success, illustrates beyond question that the people of Russia are more solidly united today under the reign of Josef Stalin than the people of Germany are united under the terroristic and awful rule of Adolf Hitler."

## Illinois Prohibition Party Plans Ticket

Chicago, May 7.—(AP)—The state convention of the Prohibition party will be held in Decatur on June 5 and 6, with state leaders urging the party to declare for war prohibition at that time. Leo F. Jeannene, chairman of the state central committee, announced.

Jeannene said these state leaders pointed to a steadily increasing sentiment in favor of national prohibition because "of the need of conservation of human and material resources."

He said a complete state ticket would be nominated.

All candidates, he explained, will be placed on the ballot by petition as the party does not participate in the primaries.

## Miss Ruth Forney of Walnut Is Wed

The D. E. Forneys of Walnut are making known the marriage of their eldest daughter, Miss Ruth Forney, faculty member in the Prophetstown high school, to Pfc. Rex Lawrence, youngest son of Mr. and Mrs. H. C. Lawrence of Prophetstown, which took place Saturday evening, April 4, in the parsonage of the Methodist church at Huntsville, Ala. Dr. Randolph Scott performed the single ring ceremony.

The bride, who chose to be unattended, wore a semi-tailored dress of light wool, with a hat to match. Wheat and brown accessories completed her costume, and at her shoulder was a corsage of Briarcliffe roses.

Mrs. Lawrence was graduated from Walnut high school in 1929, and received an A. B. degree at Eureka college. She also attended summer school at Illinois State Normal, Ill., and at Northern Illinois State Teachers college in DeKalb, later working for a master's degree at the University of Illinois.

The bride taught in the rural schools of Lee and Whiteside counties for four years. For the past five years, she has taught English, Latin, world history and girls' physical education in the Prophetstown high school, in addition to supervising the school library and serving as dean of girls.

The bridegroom was graduated from Prophetstown high school in 1929, and before his induction into the army in April, 1941, was employed as assistant in the first aid department of the Northwestern Steel and Wire company in Sterling. He has a rating as surgical technician in the clearing company of the 108th Medical Battalion at Camp Forrest, Tenn.

## RURAL STUDENTS MEET FOR PICNIC

Approximately 75 students, parents and friends gathered at the Evergreen school Monday evening, to celebrate the close of the term with a picnic supper. Ice cream was served with the dessert.

Soda pop was served to the students during the day, as a reward for purchasing more than \$470 in war stamps. The sale was sponsored by Thomas Jordan, postman on rural route 4.

Games and visiting occupied the remainder of the evening, following the supper. Esther Mae Cramer was neither absent nor tardy during the term and special awards were issued for spelling and reading. Robert Jacobs is the school's graduate. Twenty-three students were enrolled during the year.

Miss Mary Wolf, the teacher, has been retained for another term.

## ANNIVERSARY IS PARTY INCENTIVE

Dr. Grover C. Moss of Grand Detour entertained 12 Rockford and Dixon guests at a dinner-dance last evening in the Rainbow room of the Faust Hotel in Rockford. The party was a birthday surprise for Mrs. Moss, whose anniversary occurred today.

A birthday cake, decorated with pink roses of spun sugar, was served with the dessert course.

## MAY QUEEN

Muriel Connell, daughter of the H. C. Connells, was crowned May queen during the annual festival at the Byron high school Saturday evening. Doris Moore and Helen Noyes were her attendants, and the little flower girls were Kay Reber and Kay Eickman.

## GREEN RIVER CLUB

Mr. and Mrs. C. W. Welsh will entertain the Green River Farmer's club Friday evening at their home, 11 miles south of the Red Brick school.

## Fiancee of Rochelle Teacher

Miss Helen Brauer

Miss Brauer, daughter of the Oscar J. Brauers of Winnebago, is being complimented at a series of pre-nuptial parties, preceding her marriage to Willard H. Gieske, director of music in Rochelle high school. The wedding is to be an event of Saturday evening, May 16, at the First Presbyterian church in Winnebago, with the Rev. L. R. Gilliland hearing the vows.

Miss Marjorie Brauer is to be her sister's bridesmaid for the 8 o'clock ceremony, and Dr. William Baumann of Barrington will serve Mr. Gieske as best man. Ushers will be Miss Brauer's twin brother, Harold Brauer, and Donald Schroder of Barrington.

Miss Mable Oakland of Rochelle, organist, and Miss Louise Haselton of Rochelle and Freeport, vocalist, are to be the nuptial musicians. A reception will be held at the church, following the wedding service. A string ensemble composed of the Misses Mary McEachern and Regina Cecco of Rochelle, Miss Joan Sheaff of Holcomb, and Robert A. Schmook of Winnebago will entertain at the reception.

Miss Brauer attended Rockford college, and was graduated from Brown's Business college. Her fiancé is a graduate of Northern Illinois State Teachers college at DeKalb, and received a master's degree from the University of Wisconsin at Madison. A number of his music classes and soloists have won honors in competitive performances since he joined the Rochelle high school faculty.

The couple were complimented Sunday at a buffet luncheon arranged by the Rochelle faculty members, who were also honoring two recent brides, Mrs. Bruce Maselton and Mrs. Charles Burroughs. Miss Brauer and Mr. Gieske received a gift of silver.

Mrs. Harold Brauer will be hostess at a linen shower for her sister-in-law, this evening. On Monday evening, Miss Nina Marryfield will entertain with a variety shower for Miss Brauer at the Merryfield home in Winnebago.

Last Friday evening, the bride-to-be was guest of honor at a steak fry and personal shower given by her co-workers in the office of the Winnebago County Agricultural Conservation association.

## TO CHICAGO

Mrs. Bessie Reis left this afternoon for Chicago, where she will spend two weeks visiting her son-in-law and daughter, the Gilbert Finwalls, and their infant daughter, born Monday at Woodlawn hospital. She also expects to spend some time with her son, Dale, who is a third class yeoman in the United States navy.

## Miss Lois Sachs Is May Bride

Mr. and Mrs. Louis Sachs of rural route 2, Rochelle, announce the marriage of their daughter, Lois, to Pvt. Walter J. Steder, son of the Chris Steders of Ashton. The couple's wedding vows were solemnized Friday afternoon, May 3, at Canton, Mo., with the Rev. Mr. Farmer reading the 4 o'clock ceremony at the parsonage of Canton's Methodist church.

Mrs. George Steder, sister-in-law of the groom, and Mrs. Hattie Saeger, his sister, both of Amboy, attended the couple.

The bride chose luggage brown accessories for her street-length frock of cadet blue. Mrs. Steder wore ashes of roses with beige accessories, and Mrs. Saeger chose a floral street dress.

Following a wedding dinner at the Rialto in Keokuk, Iowa, the couple left on a brief wedding trip.

Mrs. Steder was graduated from Ashton high school with the class of 1938, and has been employed at the Wilson Cafe in Rochelle. Private Steder attended Amboy high school, and was employed in Freeport, before his induction into the army last October. He is now stationed at Camp Haan, Riverside, Calif., and leaves Sunday to report for duty. Mrs. Steder plans to remain in Rochelle for the present.

## IDEAL CLUB HAS LUNCHEON

Garden flowers trimmed the tables, when Mrs. George Christian and Mrs. Otto Beier entertained at luncheon yesterday at Rice's tea room for members of the Ideal club. Covers were arranged for 16 members and a guest, Mrs. William Richardson.

Following the luncheon, the clubwomen were invited to Mrs. Beier's home, where Mrs. Howard Beam reviewed Booth Tarkington's book, "The Magnificent Ambersons." "Rare Trees I Have Seen" set the theme for roll call. Mrs. William Filson and Mrs. Beam will entertain the clubwomen in three weeks.

## READING CLUB

Mrs. John Batshelder was hostess to her afternoon reading club yesterday.

## GARDEN WALK

Sunday, June 7, has been chosen as the date for the second annual Garden Walk of the Dixon Girl Scout council. According to preliminary plans for the affair, discussed at the monthly meeting of the council Tuesday morning, the same gardens that attracted hundreds of visitors at the first Garden Walk last year will again be open for the occasion, including "Hazelwood" "Reynoldswood", and a "river walk" through north shore gardens.

Proceeds from last year's tour are being used to construct a new recreation hall at Camp John Ralston. The center is expected to be completed in time for opening of the camp in late June.

## Community Players Name New Officers

The Community Players, an earnest and ambitious Little Theater group whose members have gained practical and profitable experience in play producing since their organization, were reviewing the success of their first season at their monthly meeting last evening at the Loveland Community House. If their venture can continue as successfully next season, they feel, their efforts will be well repaid.

"The Male Animal," "The Pat," and "The Charm School" were selected as the players' initial productions. Last evening, the group was concerned with election of officers, in addition to plans for continuing their organization next year. Joe Hall was re-elected as president, and his co-officers include:

Vice president, Dorothy Cromwell; secretary, Patricia Connelly; treasurer, Lorraine Hull; business manager, Mary Trombold; technical director, Mrs. J. V. Ridolph; program director, Louis Leydig; board members, Mrs. Norris Polhill and Richard Belcher. Two additional board members, Harold Wade and Charles Redebaugh, were retained from last year.

The program for last evening consisted of an impromptu radio skit, "As the Clock Strikes," arranged by Patricia Connelly and Robert Salm of Sterling. Those from the audience who were asked to read parts included Robert Salm, Joe Hall, J. V. Ridolph, Janice Brant, Betty Allen, Harold Wade, Richard Belcher, and Mrs. Leo Dixon. Sound effects were furnished by Miss Connelly and Miss Lillian Mitchell.

Wednesday evening, May 13, has been chosen as the tentative date for a dinner party, at which the group will formally close their first season. Definite plans will be completed later.

Committees for the dinner include: General arrangements, Neil Allen, chairman, Betty Allen, Mrs. Charles Redebaugh, Mrs. R. Belcher, Mary Trombold, and Mrs. Louis Leydig; transportation, Paul Black, chairman, Mrs. Paul Black, and Miss Mila Wohnke.

## BRIDGE-DINNER

Members of contract club of 12 from Rochelle were having dinner and playing bridge last evening at Beck's Landmark tea room in Grand Detour. Mrs. Wiley Owens, Mrs. C. A. Hills, Miss Alma Happe, and Miss Frances Walls were co-hostesses.

Mrs. C. A. Anderson and Mrs. Helen Sell received score favors in the card games.

## DINNER GUESTS

Mrs. Alice Beede entertained guests at dinner Wednesday evening.

## Posies, Her, Glory

A bright idea for a bright summer day, or any day, is to place flowers in your hair to enhance your beauty. And, if your husband or sweetheart forgets to send them, you can always pick some in your garden or window box.

## STANLEY-WILLIAMS

Miss Eudora Williams of Rockford, daughter of Mr. and Mrs. Horace Williams of Genoa, Ill., became the bride of Charles Stanley, son of Mr. and Mrs. Charles Tanley of Rockford, Saturday evening, at the Boone county court house in Belvidere. The Rev. R. D. Walters, pastor of the Belvidere Baptist church, heard the vows.

Miss Mildred Williams of Sycamore and William Stanley of Rockford attended the couple. The bride was attired in a spring suit, with green accessories, and wore a gardenia corsage. She was graduated from Genoa high school with the class of 1941.

The couple will make their home in Rockford, where both are employed. Their new address will be 1101 East State street.

Out of town guests attending were Mr. and Mrs. Horace Williams of Genoa, Miss Mildred Williams of Sycamore, Mrs. Charles Stanley, Sr., Mr. and Mrs. William Stanley, Mr. and Mrs. Donald Michelson, and Miss Norma Stanley, all of Rockford.

## VISITS MOTHER

Mrs. Hugo Surman of Springfield is visiting her mother, Mrs. Gracia Welch, and her aunt, Miss Amy Sickels, who returned recently from a winter vacation in California.

## BRIDGE HOSTESS

A fortnightly bridge group of eight met for contract Tuesday evening, as guests of Miss Alice Richardson. Miss Myrtle Swartz is to entertain when the games are resumed in two weeks.

## RUMMAGE SALE

## FROM WASHINGTON

Mrs. James McKibbin and her two daughters, Mary Lou and Peggy Ann, have arrived from Washington, D. C. for a month's visit with her parents, Mr. and Mrs. Frank Brady of Amboy. Mrs. McKibbin will be remembered as the former Miss Josephine Brady of Amboy. Mr. McKibbin travels out of Washington for a drug firm.

## NEWCOMERS HAVE CARD PARTY; PLAN SCRAMBLE SUPPER

Fourteen newcomers to Dixon from ten or more states, were guests of the Who's New club at an afternoon card party in the Loveland Community House yesterday. Ten tables of bridge were in play, and another foursome was playing pinochle.

Mrs. Frank Elmer and Mrs. A. F. Bordeleau scored high in contract, and Mrs. George Graham received the pinochle favor.

Hostesses for the afternoon included Mrs. W. J. Wolf, Mrs. I. Sharp, Mrs. G. W. Holland, and Mrs. D. G. Luedke.

On Wednesday evening, May 20, the clubwomen will be entertaining their husbands with a scramble supper at the Plum Hollow Golf and Country club. Golf will also be included in the party plans.

## PRE-NUP TIAL PARTY

Miss Beverly Sitter, fiancée of C. J. Smith of this city, were complimented recently with a pre-nuptial party arranged by Miss Gladys Moore of Sterling. Following a series of bunco games, refreshments were served at blue and white tables.

## FRANKLIN GROVE STUDENTS WILL HAVE BANQUET

Upper classmen of Franklin Grove high school have made reservations for their annual Junior-Senior banquet Friday evening at Beck's Landmark tea room in Grand Detour. Their party will number about 50 students and faculty members.

## FROM URBANA

Mrs. Paul Harms and daughter, Miss Miriam, and Mrs. Mark Williams have returned from a week end visit at the University of Illinois, where members of Alpha Gamma Rho were observing Mothers' Day. A concert at Recital hall Saturday evening was followed Sunday morning by a special service at the Presbyterian church, and a dinner at the Greek letter house.

Gail Harms, son of Mrs. Harms, is a student on the Illinois campus, and Mrs. Williams' son, Mark, is employed by the DeKalb County Agricultural association in Urbana.

Mrs. Will Gilbert, who has been residing in an apartment at the corner of Third street and Peoria avenue, has returned to Rochester, N. Y. with her nephew to make her home. She has resided in Dixon for a number of years, and has many friends who regret her departure.

Mrs. Arthur Johnson, who has been ill at the home of her parents, Mr. and Mrs. Charles Helfrich, has been removed to the Katherine Shaw Bethea hospital.

## RUPTURED?

THE NEW DOBBS TRUSS IS BULBLESS — BELTLESS — STRAPLESS

It holds like hand. It gives nature a chance—it only touches the body in two places. It can be put on in two seconds. It can be worn while bathing. It does not strut the rupture. It holds with a concave pad. Reason should teach you not to place a bulb or rail in opening of rupture, thus keeping the muscles spread apart. Recommended by doctors.

A Thought for Today

The Lord preserveth the strangers; he  
relieveth the fatherless and widow; but the  
way of the wicked he turned upside down.  
—Psalms 146:9.

There is nothing which God cannot do.  
—Cicero.

Explanations in Order

"Let me congratulate you with my full heart  
upon your first issue. It is well that you did it  
in black and white. . . . It hits the bull's eye with  
every paragraph; it is straight from the shoulder.  
. . . It speaks the truth."

When Gerald L. K. Smith, onetime pal of the  
late Huey Long and member of William Dudley Pel-  
ley's seditious Silver Shirts, announced publicly that  
Senator Reynolds of North Carolina had written him  
the above panegyric about the first issue of The  
Cross and the Flag the natural reaction was utter  
disbelief.

Surely the chairman of the Military Affairs  
Committee would not write thus of such a publica-  
tion.

"International Conspirators Seek to Destroy  
America's Sovereignty in the Name of Wartime  
Emergency and Peacetime Chaos" is the subtitle of  
one patriotic offering in this magazine which Sen-  
ator Reynolds was said to have praised so eulogisti-  
cally.

"Will Refugees Take Jobs Left Vacant by the  
Soldiers?" inquires the title of another. "Is Presi-  
dent Roosevelt Being Used by the Red Sneer Art-  
ists?" asks a third, and "Sir Stafford Cripps—  
Whose Man Is He? Churchill's or Stalin's?" de-  
mands a fourth.

"You witness a crucifixion of middle-class in-  
dustry surpassing even the liquidation of similar  
groups during and following the Russian Revolution,"  
writes Smith of the automobile ban made  
necessary by steel, rubber, and plant shortages.

"Ain't it the truth," Smith said Reynolds agreed  
with these dicta.

"It hits the bull's eye," said Smith's editorial  
offering, three months after Pearl Harbor:

"What is victory? How will we recognize it?  
Does it mean Hitler in his grave and Stalin in Ber-  
lin? . . . We must build around the United States  
a hoop of steel. . . . Any military activity beyond  
this hoop of steel should be indulged in only for the  
purpose of repelling attack."

Now Senator Reynolds publicly admits that he  
actually wrote Smith such a letter. Does this mean  
the senator approves the obstructionist, defeatist  
tone of the publication and the fascist record of  
its publisher?

And what of Representative Roy Woodruff of  
Michigan? Has he taken the public printer to task

for making him appear, in the Congressional Record,  
to have inserted an editorial from the Cross and  
the Flag which says very clearly—though not so  
unequivocally that a clever attorney couldn't de-  
fend against a libel suit—that the entire administra-  
tion in Washington is made up of "porch climbers,  
confidence men, and snake-oil salesmen. . . . political  
racketeers, propagandists, and character assassins."  
Senator Nye has admitted corresponding with  
Smith, but are Senators Taft, Vandenberg, Brooks,  
Wheeler—and Congressmen Woodruff, Rankin, Ta-  
ber, Rich, Hoffman, Shafer, Short and Jones—con-  
tent to get supinely under the slur cast by Smith  
when he described them in the Cross and the Flag  
as "real statesmen whose words we shall quote"?  
Come, come statesmen, this is no time to be  
tongue-tied. It's time for some explanations. Are  
you really satisfied that Gerald L. K. Smith should  
approve of you?

And as for the Skunks—

You may ask why, since the tendency of the  
average man is to do the right thing, Hitler and his  
axis pals have been able to throw the world into con-  
fusion and make us do without sugar and tires.  
Hitler, Mussolini and Hirohito simply took ad-  
vantage of the tendency of other nations to be  
peaceable. They figured that since certain harm-  
less countries were decent and just, these countries  
would expect the axis to be likewise, and they got  
away with it.

Hitler took advantage of Holland, for example,  
because Holland abhorred war and didn't go into  
the war at the beginning. Japan's war lords were  
able to take advantage of China because o' her coun-  
tries, up to December 7, last, expected Japan to re-  
tain at least a shred of decency. Mussolini took  
advantage of Ethiopia because Ethiopia was trying  
to be peaceful, and was not armed to the teeth.

It doesn't follow that because a man expects  
others to be ethical, he himself will always live ac-  
cording to the Ten Commandments.

Women Are Good

Before the end of next year, say the experts,  
we shall see four million women working in war  
production. That is six times the present number.

A lot of employers are going to have to waive  
their prejudices against women in factories. Pio-  
neers have been pleasantly surprised. In many op-  
erations, they have found women superior to men,  
where skill and attentiveness are more important  
than what New Englanders call "main strength and  
stupidity."

But many states must loosen up on regulations  
a bit, for the duration of the war, if women are to  
replace men called to the armed services or needed  
in heavier work.

Set Silver Free

Nothing but the pettiest selfishness can stand  
in the way of Secretary Morgenthau's proposal that  
all newly-mined silver be made available to indus-  
try at world prices.

The Treasury now has more than three billion  
ounces of the metal in cold storage, and is obligated  
to take all offerings at the artificial price of 71.11  
cents an ounce. The world price is only 35 cents.  
The Treasury is not permitted to sell for less than  
\$1.29 an ounce.

We are short of copper, tin, antimony and other  
war metals which silver can replace acceptably.  
Decision to free 40,000 tons of silver to replace  
copper in electrical bus bars is a wise step toward  
ultimately making available enough silver to replace  
75,000 tons of copper for direct war purposes.

NEWS  
BEHIND  
THE NEWS  
By PAUL MALLON

(Distributed by King Features  
Syndicate, Inc., reproduction in  
whole or part strictly prohibited).

Washington, May 7.—The price  
level which Leon Henderson has  
frozen over the cost of living is  
about one-third holes.

It resembles a frozen slice of  
Swiss cheese in which the air  
vents are nearly as large as the  
substance. Any possibility that it  
will hold the cost of existence to  
the rates of March diminishes as  
you study the facts and figures.

Henderson was unable to touch  
fresh vegetables, eggs, poultry,  
milk, flour, mutton and lamb, fish,  
fruits, used automobiles, prices in  
hotels, restaurants, bars and  
amusements, or doctors or lawyers  
fees.

Various legal or practical ob-  
stacles stood in his way. Greatest  
barriers were two:

He could not deal with any ex-  
cept processed items of food and  
he could not deal even with those  
where the farm price was not yet  
near 110 per cent of parity.

Henderson conceded, in making  
his announcement, that 25 to 40  
per cent of the items of food were  
not included, but a closer analysis  
indicates the top figure nearer ac-  
curate. The American people spent  
last year for processed foods \$17-  
470,000,000, and for non-processed  
foods (the vacant spots in Hen-  
derson's price ceiling) \$7,720-  
000,000.

If you transfer flour to the  
vacant spots as Henderson has  
done, you will reach the con-  
clusion that one-third of the  
American dinner table is yet  
uncovered.

Last year also the American  
people spent \$21,000,000,000 for  
services. In this field Henderson  
has been able, for instance, to  
fix the price of shoe half-soles  
but not of hair cuts. He has  
fixed laundry and dry cleaning  
but not beauty shops.

To measure explicitly the extent  
of freezing on service costs to the  
family budget consider it this way:

The people spent \$9,000,000,000  
for housing last year, but Hen-  
derson is fixing rents only in war  
areas; \$2,500,000,000 for medical  
care which is unfixed; \$1,700,000-  
000 for recreation which is unfixed;  
and \$2,000,000,000 for laun-  
dry, tailoring and personal care,  
about half of which is fixed.

This means that out of \$21-  
000,000,000 which the people may  
spend for services again this year  
certainly a third and possibly  
more is not being touched by  
Henderson or anyone else.

Thus in both the fields of food  
and services, Henderson's tent  
covers only two-thirds of the  
area.

Add to this the fact that many  
items which go to make up costs  
of a loaf of bread or a shirt re-  
main unfrozen, and you encounter  
further danger.

The cost of labor, transporta-

tion, packaging, advertising and  
merchandising contribute more to  
both the bread loaf and shirt than  
the ingredients in it. Yet these  
are free to advance, and with a  
shortage of labor coming on, may  
be subject to competitive bidding  
by employers.

This brings you to the large-  
est hole in the entire ceiling  
—the prospect that quality  
and quantity can be reduced  
without detection or regula-  
tion. Henderson recognized  
this. His experts frankly gave  
up any effort to stop prices  
in restaurants, hotels and  
bars because they realized  
served portions could be cut  
down so easily that a price  
ceiling would have no effect.

But the same thing can be done  
with the amount of cotton or  
wool that goes into a shirt or a  
suit of clothes.

No one knows what could be  
done about this that would be ef-  
fective, but until someone does  
the prospect is that the cost and  
standard of living can be pegged  
by Henderson's action must re-  
main remote.

It is true Henderson has not  
frozen bus fares, electric lights,  
water and such items of public  
necessity, but he can depend upon  
local public service commissions  
to keep these in line, and upon  
the Interstate Commerce Com-  
mission to keep rail rates down,  
or can he? At any rate, his  
program assumes that he will  
control all these causes and ef-  
fects have been loaded upon Hen-  
derson in this column for the pur-  
pose of simple presentation, but  
the responsibility is not entirely  
his.

Worst holes in his price ceiling  
would be closed if congress  
followed Roosevelt's recommen-  
dation and reduced the farm par-  
ity goal from 110 per cent fixed  
by the farm bloc. This, however,  
is impossible. Largest holes are  
therefore certain to remain open.

Thus price-fixing will remain a  
partial program. A beginning of  
a program, until the government  
at least gets around to doing  
something about wages, farm  
prices and service loopholes.

Most of the government econ-  
omic experts realize this. They  
look upon Roosevelt's plan simply  
as some groundwork laid for fu-  
ture action, a frame which can be  
built upon later—presumably  
after the November congressional  
elections, when the government  
may not feel so squeamish about  
the political aspects of an effec-  
tive program in the union labor and  
farm districts.

Church Societies

W. C. T. U.—Every normal  
woman is interested in the wel-  
fare of children. So, naturally  
child welfare is part of the pro-  
gram of the Woman's Christian  
Temperance Union.

The meeting of the local union  
on Tuesday, at the Community  
House, with Mrs. Edith Mc-  
Wethy, director, proved of much  
interest to all present.

Five children accompanied by  
their mother or grand-mother  
were enlisted as White Ribbon  
Recruits, in an impressive ser-  
vice conducted by the president,  
Mrs. Tibbetts, who gave them a  
helpful talk as she tied the nar-  
row band of white ribbon, emblem  
of a clean life, upon their wrist.  
She then asked, the mothers to  
promise to teach these children  
all the Christian virtues, includ-  
ing total abstinence, and the  
Union members also pledged to  
help "prepare straight paths, for  
God's little ones, teach them to  
walk therein. Why should their  
journey through life be begun in  
the dangerous paths of sin?"

An impressive prayer followed,  
voiced by Mrs. F. L. Blewfield.

The Victory Bond sales in Dix-  
on Monday, was the subject of a  
short talk to the organization, by  
F. A. Hanson. He is also vitally  
interested in the week-day Chris-  
tian Education program planned  
for our Dixon schools and urged  
co-operation and financial help by  
the W. C. T. U.

The Rev. Norman Burke fol-  
lowed with an address full of in-  
terest on the same topic, which  
the ladies were pleased to hear.  
During the business session they  
voted to give, as an organization,  
five dollars for the character-  
building of our Dixon youth.

Two new members were re-  
ceived, and the meeting adjourned  
with the W. C. T. U. benediction.

Hundreds of Tons  
of Valuable Crops  
Rotting in Fields

'Bridgeton, N. J., May 7.—(AP)—  
Hundreds of tons of valuable  
"war" crops are spoiling in the  
field in south Jersey because of a  
harvest time shortage of farm la-  
bor.

Thousands of dollars worth of  
asparagus—first major crop to be  
harvested this season in the north-  
east—already has gone to waste  
and agricultural extension agents  
foresee severe losses in other  
truck crops, many of them on the  
lend-lease list.

The plight of this rich farm  
belt may be an indication of what  
lies ahead for other farm areas  
heavily dependent upon migratory  
workers. U. S. Farm Security Ad-  
ministration aides said after a  
tour of the area yesterday.

In the past at harvest time,  
families have trekked here by the  
thousands from southern states.

This year, the F. S. A. says, the  
migration has been far below nor-  
mal, presumably because of the  
draft, the lure of high wages in  
war industries and the shortage of  
tires and gasoline.

Francis A. Raymaley, Cumber-  
land county agricultural extension  
agent, declared many farmers will  
be financially ruined unless help  
arrives soon.

Highway Division to  
Advertise for Repairs

Springfield, Ill., May 7.—(AP)—  
The state highway division an-  
nounced today that bids would be  
opened May 15 for repair work on  
roads and bridges in 46 counties.  
Details of the projects include:

DeKalb-Kane-Kendall-LaSalle—  
Concrete paving patching on route  
23 from the LaSalle county line  
north of route 71 and U. S. 30  
from Shabbona east to Aurora;  
on U. S. 34 from route 23 east to  
Piano, and on U. S. 34 and route  
31 from Bristol northeast to Au-  
rora.

JoDavis-Stephenson-Ogle—  
1.01 miles bituminous resurfacing  
on U. S. 20 west of Stockton and  
south of Lena, and route 26 north  
of Polo.

A favorite drink of underweight  
Europeans is ginger ale and milk,  
mixed half and half.

Tired Kidneys  
Often Bring  
Sleepless Nights

Doctors say your kidneys contain 15 miles  
of tiny tubes or filaments which help to purify the  
blood and keep you healthy. When they get  
tired and don't work right in the daytime,  
many people have to get up nights. Frequent  
or scanty passages with aching and burning  
sometimes show there is something wrong  
with your kidneys or bladder. Don't neglect  
this condition and lose valuable, restful sleep.  
When disorder of kidney function permits  
poisonous matter to remain in your blood, it  
may also cause nagging backache, rheumatic  
pains, leg pains, loss of pep and energy,  
swelling, puffiness under the eyes, headaches  
and dizziness.  
Don't wait! Ask your druggist for Doan's  
Pills, used successfully by millions for over 40  
years. They give happy relief and will help  
the 15 miles of kidney tubes flush out poison-  
ous waste from your blood. Get Doan's Pills.

FRANTIC WEEKEND

BY EDMUND FANCOTT

TWO CAREERS  
CHAPTER XX

THE simplest happenstance, the  
commonest occurrence, can  
change the course of one person's  
desires and delineate his dreams.  
That happened to Nigel. That  
glimpse of Peggy in the half-light  
of the room, her bright face alive  
with animation, her slimmest ac-  
centuated by the bulk of the chair  
in which she sat, long legs danc-  
ing over the arm, was a revela-  
tion to him.

In that one moment Nigel realized  
that Fay's fascination for him  
had been an intense young man's  
natural reaction to flawless beau-  
ty, but that he didn't want a girl  
like Fay. Not really. He didn't  
want someone already grown up,  
someone who had been every-  
where, had everything, whose  
beauty was fundamentally serene  
and quiet.

He wanted—yes, he was sure  
of it—someone like Peggy, a half-  
child, half-gamin creature who  
was wide-eyed and excited about  
living and who couldn't believe  
that it held everything for her.  
He wanted a stimulant, and wasn't  
she? In flashback he saw her again  
as she was that morning on the  
island, and remembered how com-  
pletely easy he had been with  
her, how casually they had talked,  
how natural and frank she was.  
He looked at her dark hair fram-  
ing her face, studied the expectant  
intensity of her green eyes, and  
contrasted this mood with the gay  
and sunny one of the morning.

"I'm in love," thought Nigel. It  
was with surprise and some re-  
lief that he realized that his rest-  
lessness of the afternoon and even-  
ing had been because he wanted  
Peggy with him, every moment,  
and she hadn't been. What a fool  
he'd been not to know his own  
mind until it opened for him with  
this glimpse of her in the moonlit  
room!

The noise of his footsteps wak-  
ened Peggy from her dreaming.  
"Nigel!" she cried, eager to tell  
someone how thrilling her dreams  
had been. Then she restrained  
herself, but the excitement in her  
voice had been mistaken by Nigel  
for pleasure at seeing him.

"I've got an idea," he said. "Let's  
slip away from the others and go  
down for a moonlight swim."  
She jumped off the arm of her  
chair. It was just what she need-  
ed to work off some of her excite-  
ment.

"Yes, let's," she laughed.  
At that moment Baldy came  
back into the room lighting a fresh  
cigar, and with an indefinable air  
of having arranged the affairs of  
the world. He couldn't live with-  
out managing somebody or some-  
thing, finding himself much better  
at arranging other people's lives  
than his own. He had also found  
it more profitable in the long  
run.

Baldy saw the two standing near  
the window and crossed to them  
swaggering with assurance.

"It's all O. K. honey. Benny'll  
give you a break. Chorus line  
first, and then a tryout. Twenty-  
five per on my say-so and start  
in Monday week."

Peggy pushed Nigel ahead of her  
lest he hear too much. "See you  
in the morning, Baldy," she said.  
"And thank you. You're wonder-  
ful."

"O.K." said Baldy, "and don't  
forget Fay."

THE night was warm. Nigel and  
Peggy lay on the wooden  
wharf under the moon. The water  
below was still and with a glass-  
like surface.

Peggy lay on her back looking  
up into Nigel's eyes. He was  
stretched the opposite way, his  
head over Peggy's looking down  
at her. He was resting on his el-  
bows, his hands were free to play  
with Peggy's hair.

Nigel had just told her that he  
was in love with her and that he  
had found it hard to say. He  
waited hopefully for an answer.

Peggy studied his face. Brown  
eyes, nice eyes, the nicest eyes  
she had seen. Everything happens  
at once, she thought. It was too  
bad for Nigel but she had made  
up her mind to go on the stage.  
She felt a satisfying sense of  
power. She could afford to be  
Lady Bountiful. A glimmer of  
a smile crossed her face and her  
hands took his head between them  
and drew it down to her lips.

It was a gesture that she imag-  
ine would have looked well on  
the screen and in her minx-like  
way she was playing a part.  
But the first touch of her cool  
lips on his broke his restraint,  
and in a swift rush of emotion his  
hands crushed her lips to his.  
Peggy struggled, thrusting him

away. She sat up quickly, her  
self-confidence badly shaken. The  
blood was racing through her  
pulses and there was a startled  
look in her eyes as she faced Nigel.  
Something had flowed through her  
like liquid fire, and her breath  
came short with a quick rise and  
fall of her bosom.

"Let's swim," Peggy said sud-  
denly, and she plunged from the  
wharf into the cool water and  
swam furiously, as if to wash from  
her mind the memory of that kiss  
and the strange power it had over  
her. She didn't want to fall in  
love and that kiss had told her  
she was dangerously near it.

Nigel lifted her out as she came  
back to the wharf easily outdis-  
tanced by his strong stroke. She  
pulled her hands free of his as  
soon as she was out, as if to pull  
herself free of his influence.

"Tell me," said Nigel, trying to  
be casual, "what was old polish-  
top talking about up there?"  
Impulsively, as if the revelation  
would destroy his new influence  
over her, she turned to Nigel.

"I've got my chance. I'm going  
to New York."

A COMMITTEE of four met in  
the rockery the next morning.  
Nigel presided with a gloomy ex-  
pression on his face. The day  
promised to be of the same un-  
broken sunshine as the previous  
one, but without the same har-  
mony that had settled on the house  
party the day before. It had been  
obvious at breakfast, although no  
one had been quite able to under-  
stand why.

Ferdy had gone his way as usual.  
If his guests would allow him to  
paint at leisure he would allow  
them to solve their own troubles  
in their own way. Which they  
were doing.

Nigel and Michael faced Fay  
and Myra and there was not a  
smile among them.

In the house somewhere behind  
them Baldy was putting Peggy  
through what he called a routine.  
Peggy was co-operating enthusias-  
tically. Baldy was glad to have  
something to do to fill the vacuum  
between his attacks on Fay's  
resolution.

"I don't like it," said Nigel.  
"Here this squirt drops on us un-  
invited and makes a plague of  
himself. Now he caps it by per-  
suading a young girl to go down  
to New York with him."  
Myra shook her head. "There's  
only one thing wrong with that  
argument. I know Peggy, and if  
I'm not mistaken there is more to  
it than a gleam in her eye."

Fay spoke: "This is the first I  
have heard of it. What is Baldy  
doing, what has he done?"

# HEARD 'N' SEEN

By  
JOHNNY MITCHELL

**CALLED-OFF . . .** the exhibition billiard match which was to have Joe Camacho on deck at John Vaile's Billiard Room has been indefinitely postponed by the travelling unit under which Camacho is contracted, due to unforeseen transportation difficulties . . . nevertheless this match will probably be filled in with some other notable from the world of cue champs at a later announced date . . .

**MAKIN' GOOD . . .** Louis Bevilacqua, ex-Dixon high all-around athletic star, has recently been one of the shining lights of the Southern Association baseball league . . . Louis uses the shorter name of Lou Bevil during the summer months of playing baseball . . . Lou's most recent blaze to fame came in the game which his team the Chattanooga Lookouts had with Memphis . . . Lou carried the role of a relief hurler and went into the game in the fourth inning when the Lookouts were trailing 6-1 . . . it was a long uphill climb for the Lookouts but led by Lou they finally managed to win 7-6 . . . in six innings Lou had shut-out the Memphis team . . . his fielding and hitting also counted a great deal in aiding the Chattanooga Club to the unexpected victory . . . Lou swung his stick on three trips to the plate and got three hits . . . one of them being a triple . . . which aided in knocking the opponents' pitcher out of the box . . . here is a comment taken from the Chattanooga Times concerning the fans' response to Lou . . . "Bevil, as the game wore on, had his every move cheered by the fans. He captivated them. The kid certainly is in shape. He did much running, with his hitting and fielding, but he had what it took, to the end." . . . to get a still better idea of how Lou is burning up the Southern Association League, we encountered an item written in Wirt Gammon's Column, sports writer for the Chattanooga Times . . . "You are never whipped when you send Lou Bevil in as a relief pitcher and the game seems to be lost. Yesterday was not the first time he has pulled that trick. Bill Rodgers was telling about it after the game. Bill, you know, is very proud of Bevil. He has had him two years now, and has worked on him painstakingly to brush up his pitching technique and his fielding. His hitting? Let Bill tell you:

"Two years ago at DeLand I sent him a contract. I didn't expect him to report. I had seen him in a tournament and had talked to him and had liked him. But he was going to Notre Dame, and I didn't expect him, for we couldn't pay much. But he reported. He got in and had been rolled for all his money. We were nine runs behind in a game, and I thought I would put him in to see what he could do. It seemed like a good time. It was about the middle of a game, which apparently was lost. I wanted to see him work. Here's what he did. He struck out almost every batter. He hit two home runs with the bases full, and we won, 10 to 9." . . . and that's the storybook ball playing which Louis Bevilacqua is putting on for the Southern fans . . . and don't forget readers that the Southern Association is merely a slight push and a step from the major leagues . . .

**RECUPERATING . . .** we've missed seeing one of our foremost cyclists pumping around the drag of late . . . and no wonder . . . Grad Moll was removed to the hospital Monday after an abdominal operation . . . his condition is reported rather uncomfortable but he is recovering nicely . . . and should be out and about in approximately ten days or so . . . we're all rootin' for him . . .

**TENNIS MATCH . . .** in tennis matches earlier this week over at Rochelle, the Hubs defeated the Belvidere high squad by a score of 4 to 2 . . . Larson of the Hubs downed Jacobs of Belvidere 6-2 and 6-2 . . . Kudne of Rochelle defeated Abbott 6-2 and 6-2 . . . Law of Belvidere turned back Ross and Hecks of Belvidere defeated Schaller of the Hubs . . . the Hubs then proceeded to slam the doubles events which won the meet . . . Larson and Kunde of Rochelle defeated Jacobs and Abbott of Belvidere and Klewin and Countryman aided the victory by downing Law and Hicks of the Boone County team . . .

**POLO BOWLING TOURNNEY . . .** the inter-league bowling tournament going on in the Golden Bowl alleys up Polo way, finished the quarter-finals last night and only four teams remain now . . . the semi-finals will be rolled-off Friday evening with the finals set for next Monday night . . . in last night's session the Pine Crest keggers turned back the Lanark Ramblers by the score of 2386 to 2235 . . . Reynolds of the Crest team stole the match honors by hitting an individual high game of 222 . . . Lahre provided the hottest moments for the Gamble team as he cracked the woods for one game of 212 . . . Bucks defeated the Master Mix five by 2616 to 2491 . . . Wilson hit the high game of this match with a 227 and added with his games of 182 and 180, he had a series of 589 . . . Drenner hit a 209 in this match and Beulke turned in a 202 . . . the Standard Oil subdued the Kaufman keggers by the count of 2633 which was high for the evening and the Kaufmans turned in a 2467 . . . Stauffer led the Kaufman team with games of 211, 203 and 153 for a series of 567 . . . Korstedt of the Standard Oil hit games of 174, 198 and 227 for the evening's high series of 599 . . . Noakes of the Standard team bowled games of 223, 171 and 181 for a series of 575 . . . Friday's semi-finals will see the following teams meeting . . . Standard Oil vs. Gamble Store . . . and Pine Crest vs. Bucks . . .

**MIXED DOUBLES . . .** fourteen couples participated in the mixed double events at the Recreation alleys Tuesday evening . . . the top honors for the night went to Mrs. Schofield and H. Schofield with a score of 1184 . . . A. Daschbach and H. Hahn were second high with 1093 . . . and D. Butler and W. Fisher rolled in third with their total of 1048 . . . the upset of the evening came when "Wifey" Harwood drubbed "Hubby" Harwood to the tune of 434 to 376 . . . all the other householders in the events ended peacefully as the "hubbies" came through unscathed . . . other scores in their order were as follows . . . L. Tilton and A. Tilton 1043 . . . E. Shaulis and M. Ransome 1033 . . . A. Myers and E. Myers 1032 . . . E. Hackbarth and W. Klein 1029 . . . Mayme Miller and Monty Miller 1020 . . . Mary Harwood and Milt Harwood 993 . . . E. Worton and C. Worton 988 . . . L. Legore and O. Legore 978 . . . C. Worton and O. Hackbarth 976 . . . P. Cahill and J. Cahill 973 . . . and S. ## THE HALE AMERICAN OPEN GOLF MEET MIGHT BE OFF

Philadelphia, May 7—(AP)—The Hale America Open Golf tournament—arranged to replace the National Open—may be abandoned because of lack of interest. Big Ed Dudley, president of the Professional Golfers Association, disclosed today only 1,163 players have entered the tourney scheduled to be held at Chicago the week of June 8. "This is the biggest all-out victory tourney—outside of our PGA competition at Seaview, N. J., later this month—that has yet been arranged for the benefit of the Army-Navy Relief fund," Dudley declared. "There should be at least 5,000 entries instead of only 1,163. "If we don't get the proper response, it looks like the tourney will have to be cancelled." Dudley pointed out that the deadline for entries is only a week away, May 13. Sectional qualifying rounds are listed for May 25. The chemical element cerium is named after the minor planet, Ceres.

# Hurler Bonham Puts Yanks on Peak of American Loop

## Yanks Bunch Hits to Defeat Indians in Shutout 3-0; Bobby Doerr Slaps Out Two Homers to Beat Sox 3-1

Buck Newsom Gains Revenge by Pitching Nats to 7-0 Shut-out Over Ex-Tiger Mates; Cardinals Lace Phils in Gruesome Affair of 11-2

(By Associated Press)

Mr. Big among all the pitchers in the major leagues this year seems likely to be Ernest Edward Bonham of the New York Yankees.

"Tiny" is perfectly cast for the part, because he stands 6 feet 2 and weighs 215 pounds. But more than that he has won the first four games this spring, three by shutouts, and yesterday he subdued the Cleveland Indians 3-0 to return the Yankees to the pinnacle of the American League.

It took Bonham only an hour and 24 minutes to mesmerize the Indians in one of the quickest nine-inning games of the season. He was matched against Jim Bagby, who technically had become the leading pitcher in the big leagues by winning five games without a defeat.

The Indians' five singles were spread into as many different innings and they were able to get only seven other balls out of the infield. Only one Cleveland runner reached second and none went beyond.

In the meantime the Yanks bunched five of their eight hits into the third and fourth innings for two runs and after Bagby had given way to a pinchhitter they showed their impartiality by tallying a final marker off Lefty Al Smith in the eighth.

It was Cleveland's fourth straight loss after winning 13 in a row and dropped the tribe into a tie for second with the Boston Red Sox, who nosed out the Chicago White Sox 3-1.

The latter game was a stirring pitching duel between old Ted Lyons and Joe Dobson, each of whom allowed six hits. Lyons could cope with all the Red Soxers except Bobby Doerr, who hit a home run in the eighth and another with one on in the tenth to account for all Boston's runs. Chicago's only tally also was a homer by Rookie Leo Wells, who was one of an entire new infield Manager Jimmy Dykes started in an effort to break his club's string of 13 losses in 14 games.

**Newsom Beats Ex-Mates**  
Buck Newsom pushed back into the spotlight by pitching the Washington Senators to a 7-0 shutout of the Detroit Tigers. The Senators scored six of their runs in a big seventh-inning flurry.

Elden Auken submarined the St. Louis Browns to a 7-2 decision over the Philadelphia Athletics by keeping seven hits scattered. The Browns made an even dozen, including a three-run homer by Vernon Stephens. Only one game in the National League escaped inclement weather and in this the St. Louis Cardinals plastered an 11-2 defeat on the last place Phils. While Morton Cooper kept Philadelphia in check, his teammates made 14 hits, among them homers by Terry Moore and Enos (Country) Slaughter, and treated themselves to a six-run spree in the third frame.

**EVANSVILLE DOWNS RED RAIDERS IN 3-1 GAME**  
(By The Associated Press)  
Evansville outlasted the Cedar Rapids Red Raiders last night to win the only game played in the Three Eye League.

The Red Raiders, winners of two straight in the young season, got away to a five-run lead in their half of the first inning. But this burst failed to stop Evansville which came back with three runs in its half, got three more in the fifth and then won out in the ninth, 7 to 6.

The win enabled Evansville to tie Cedar Rapids for second place. Each has two victories and one defeat.

The Madison-Decatur and Waterloo-Springfield games were postponed.

## Tigers and Cubs Tie for Title in P. M. League

The Ladies' Afternoon Bowling League finished its final session of the current season yesterday afternoon at the Recreation alleys. The Cubs and the Tigers battled it out for the title. The Cubs, who previously held first place as the concluding affair got underway, managed only one game out of three against the Tigers and as a result the Tigers rolled into a tie with the Cubs for the season's title.

The Tigers won the first two tilts which put the top of the loop into a two-way tie and the final game was rolled for the championship which the Cubs won in order to share a split in the title. Schofield paced the Tiger win with a series of 427. Cinnamon was high for the Cubs with a 353 series.

The White Sox turned back the Yankees in two games after dropping the first of the three game match. Nevertheless the Yankees finished in third place. Wells bowled high for the Sox with a series of 322. Daschbach led the Yankees with a 376 series.

## Whirlaway Eyes Seabiscuit's Money-earned Record

Baltimore, May 6—(AP)—Even a masterful pitching performance by ancient Ted Lyons couldn't cool off the blazing bat of Bobby Doerr today and the two home runs of the Boston Red Sox second baseman gave his team a 3 to 1 ten-inning decision over the Chicago White Sox.

Lyons, who had shut out the Crimson Hose with two hits for 7½ innings, served Doerr a three-and-two pitch in the eighth and Bobby Doerr hit deep in the left center field screen to tie the score. Leo Wells, a rookie up from St. Paul, who got his chance today when harrassed Manager Jimmy Dykes benched his entire infield, previously had parked one of Joe Dobson's offerings in the left field screen in the sixth to give Chicago a 1-0 lead.

**13th Loss in 14 Games**  
The Lyons nemesis appeared again in the tenth, which Jimmy Fox opened with a single to left. Paul Campbell ran for him, advanced to second on Jim Tabor's bunt but was forced out at third on pinch-hitter Lou Finney's infield roller. Doerr took one pitch and then whaled the game-winning homer into the left field screen.

The defeat was Chicago's sixth in a row and the 13th in its last 14 starts. Box score:

**DYKES TO CELEBRATE HIS EIGHTH ANNIVERSARY AS MANAGER OF WHITE SOX**

Chicago, May 7—(AP)—Jimmy Dykes, skipper of those floundering Chicago White Sox, can celebrate tomorrow—if he feels so inclined—the eighth anniversary of his appointment as Sox manager. He succeeded Lew Fonesca on May 8, 1934. The Sox then were in last place with four wins and 10 losses. Today their plight is even worse—4 wins and 18 losses. Nine of the defeats came by one run. Yesterday it was by two, in extra innings. But Dykes still can celebrate. For among his many worries there is none of sudden unemployment. He has a three-year contract.

**YESTERDAY'S STARS**  
(By The Associated Press)  
Vernon Stephens, Browns—Hit homer with two on in sixth to help beat Athletics.

Buck Newsome, Senators—Pitched one-hit spectacle to shut out Tigers.  
Terry Moore, Cardinals—Hit home run and drove in two tallies with double to lead attack on Phils.

the Pacific, many military experts were inclined to balance several brighter elements in the European picture. Chief among these were Britain's American-backed aerial offensive against Germany and Germany's own failure to make good on her spring offensive threats although the season already is well-advanced.

In a windup report on the Corregidor flotilla, the navy reported late yesterday that there were 3,845 officers and men of the navy and marine corps in the island fortress when it fell. It also disclosed that five small naval vessels were lost. The minesweepers Tanager and Pigeon and the river gunboat Oahu were sunk by enemy action. The river gunboat Luzon and the minesweeper Quail were sunk by American forces to keep them from enemy hands.

Bitter fighting was reported during the American-Lieut. Gen. Joseph W. Stilwell's outburst against the Japanese tide sweeping through China's back door.

Other developments in the world-wide picture included: Russian dispatches reported that the Red armies, attacking across bogs in an important sector west of long-besieged Leningrad, had captured a junction point which the Germans had held all winter, and thus had cut the road between the northern and southern wings of the German siege armies.

On the North African battlefield, an Italian communique announced that British armed forces had advanced to a point east of El Mechili—one of the deepest British thrusts to the west since their retreat last February.

near Bougainville, in the Solomons, 30 miles east of New Britain, were "attacked successfully" yesterday.

No details were given, but obviously headquarters was alive to these implications of any strengthening of the invader's forces in those areas. A direct assault on Australia or an encirclement move to seize the screen of islands east of this continent.

These developments emphasized the continued danger menacing Australia, although headquarters reported diminishing Japanese air pressure on Port Moresby, vital allied outpost on the south shore of New Guinea.

**Danger Not Removed**  
Observers expressed belief that the lessening of aerial attacks upon Port Moresby was direct evidence of the hard blows dealt Japanese airdromes at Lae, on the northeast coast of New Guinea, and Rabaul, New Britain.

An air corps spokesman said that repeated attacks on these bases had sharply cut the potential striking power of the Japanese air force, and declared that to keep pace with the allied clearing move to seize air strength the enemy must keep pouring in a steady stream of reinforcements.

The spokesman warned, however, that the danger of further southward penetration by the Japanese had not been removed, although their timetable may have been upset.  
Allied headquarters did not elaborate on its statement concerning the Japanese naval activity around New Britain, and there was no indication of the size of the units involved.

## REPRISALS DEMANDED

Paris—(From Genoa broadcast)—May 7—(AP)—French reprisals for the British attack on Madagascar were demanded today by several of the newspapers in Nazi-controlled Paris.

(The demands on the part of the German-dictated Paris press might be an indication of the course France's conquerors wish her to take.)  
Cri du Peuple said France no longer could claim a moral victory over the great powers if her government did not "hasten to draw the only possible consequences from the latest British aggression."

The newspaper commented that France still had a fleet, air force and colonial army capable of returning blows she had received.

**MOSCOW REPORTS**  
Moscow, May 7—(AP)—The Red army attacking across bogs on the Leningrad front, was reported today to have driven a wedge between two German forces and encircled one Nazi detachment in an important sector west of the long besieged city.

The Russians also reported the capture of several German centers of resistance on the Leningrad front after they had been isolated by spring floods and artillery fire had sunk rafts laden with reinforcements for the strong points.

Despite floods and the absence of roads in some sectors, the Russians were reported to be pressing repeated attacks and inflicting heavy losses in men and material on the Germans.

The exact location of the sector west of Leningrad and the size of the encircled German detachment were not given.

A local honor guest will be Captain Jack Habacker, who will arrive in Dixon Friday with his wife on a furlough. Capt. Habacker ten years ago this week made his first airplane flight over Dixon, when, as a member of the civics class of the Dixon high school, he and Airport Manager Rinehart Schnell, flew over the high school and scattered literature favorable to his candidacy as student mayor of Dixon, in which he was highly successful.

Captain Habacker, a graduate of West Point, has for the past few years been active in the establishment of army air bases along the west coast. His bride of a few weeks ago will accompany him to Dixon on his short visit.

The staff of the Green River Ordnance plant and a representative from the Great Lakes naval training station north of Chicago, will also be honored guests at Dixon's Victory dinner Friday evening and will have a part in the program to follow.

**Given Lions' Memberships—**  
Harold Cook, one of this week's selectees, was presented with a complimentary membership in the Dixon Lions club, for the duration, at Tuesday's luncheon meeting of the club at the Hotel Dixon.

Memberships are also being presented to Capt. Cal Tyler and Hal Mater. A Donald Duck talking picture, "The New Spirit", was presented by F. A. Hanson.

**Eligible for Degrees—**  
Among the University of Notre Dame seniors who are eligible for bachelor degrees to be conferred at the annual commencement exercises Sunday afternoon are the following from Dixon and vicinity: Charles Martin Kearney, 123 East Second street, arts and letters; Thomas James Reilly, 810 Peoria avenue, engineering; John Joseph Killen, Sterling, law.

**More Scrap Metal Needed—**  
War Production Board officials today urged residents of Dixon to collect all scrap iron and metals to be used in the continued Salvage for Victory program. It was stated that steel mills were running short of scrap iron for defense purposes and in Dixon last week, less than 5,000 pounds of scrap iron was collected. The board discouraged the collection of waste paper until the present supply is disposed of.

**26,211 Register for Cards—**  
Chairman Slothower of the Lee county rationing committee today reported that 26,211 individuals have registered for war ration cards throughout the county. Throughout yesterday a total of 7,384 registered at the schools and 6,779 ration cards were issued. At the close of the third day of registration, it was stated that 26,211 individuals had registered and 23,571 ration cards had been issued. The registration does not include the Dixon state hospital which is listed under another head.

**Divorce Suits in Court—**  
Judge George C. Dixon today issued an injunction which restrains John McNinch from molesting his wife or disposing of household effects until the disposition of divorce proceedings which she has instituted in the Circuit court are concluded. Attorney J. O. Shaulis filed the petition in which it is charged that McNinch was repeatedly cruel to his wife. In one paragraph of the complaint it is alleged that on the 15th day of April, 1941, "the defendant struck the plaintiff on the shoulder with his fist at her home, rendering her 'silly'." The couple were married in Clinton, Iowa, Aug. 28, 1939. Clifford A. Ledine of this city through his attorney, Lloyd Scriven, has filed an action for divorce against Maude Ledine. The couple were married in Dixon, July 1, 1933.

**License Scrap Dealers**  
Henderson announced today that all dealers selling waste, scrap or salvage material to investors or consumers would be licensed by the government automatically on May 20.

A formal registration of each such junk dealer with OPA will be required on or before June 20, Henderson said. Meanwhile, any dealer violating price schedules or regulations on waste or scrap materials may, after May 20, have his license to operate suspended as provided in the price control act.

Although retailers and wholesalers generally will be licensed by the government under provisions of the universal price ceiling, OPA said today's licensing order marked the first application of the new licensing authority to a specific industry.

Effective control of dealings in junk materials is imperative, Henderson declared, adding that "the flow of scrap materials into essential production must be kept free of disruptive price and grading practices."

## IT'S YOUR MOVE!!

NOW there is a difference. Corregidor has fallen—Madagascar has been occupied. The Luftwaffe is weaker—the RAF is carrying the fight to Hitler. "Defense" is out—ACTIVE, AGGRESSIVE "WAR IS IN!"

No matter what is printed on existing literature, it's WAR BONDS NOW! Remember Pearl Harbor, but don't live in the past—tell us to take Tokyo, and bomb Berlin! We want a POSITIVE program, NOT a PASSIVE one! We don't want to sing about bluebirds over Dover—they'll take care of themselves—we want to see VULTURES over Berchtesgaden! We're not interested in Defense Bonds—but we WILL buy War Bonds!

When you sign your pledge card Monday, you're no longer paying for a stiff upper lip—you're investing in a powerful uppercut!

You may not be able to bear a gun, but you CAN bear the COST of one!

Let's see EVERY HOUSE IN TOWN flying the blue and white Minute-Man flag! Let's put one of these six-inch stickers right in front—and show our neighbors that WE ARE NOT HOLDING BACK.

Don't "let George do it"—it's YOUR move Monday!

Tomorrow evening, at 6:30 P. M., Dixon citizens are being given a grand opportunity to hear some "inside" information on China. The VICE-CONSUL OF THE REPUBLIC OF CHINA, MR. D. J. LEE, will speak at a Victory banquet at the Masonic Temple. There will be a good salmon loaf dinner served, of course, but inasmuch as we could all eat at home, the food is not the object. Here, rather, is a chance to take a quick trip up the Burma road by proxy—here you can listen FIRST HAND to some of the painfully human troubles of the Chinese in their part of our War—AND WHAT THEY'RE DOING ABOUT IT! Unvarnished, cold facts from the lips of one of them—THAT'S THE REAL MENU for public-spirited men and women! A trip to the Orient—and you can get tickets yet at Sterling's Drug store or the Chamber of Commerce—but hurry!

## The War Today

(Continued from Page 1)

are quite willing to lay their lives on the Hitlerian altar. Youth is ready to undertake "suicide" tasks if Hitler wills it, and the girls, both married and unmarried, are carrying out the father's teaching that their mission is to bear sons to wage war for Germany.

With the young folk thus regimented, such discontent as there may be—and there is small doubt that it exists—is mainly among the older people who have submitted to the Nazi chief's rule but haven't become Hitlerized. It is doubtful whether many of the German youth are deserting their Messiah.

That is a very important point when we consider the possibilities of the Germans refusing to follow Hitler further. I know from personal study in Germany just before the war that many of the older people were utterly opposed to the Nazi attitude toward religion and the churches, to the Hitlerization of childhood, to the persecution of the Jews, and even to expansion by force of arms.

It is among the elders then—the fathers and the mothers of the youth who are now dying for Hitler—that we are likely to find the most discontent, and many observers believe this might reach the breaking point in time, just as it did in World War number one. The Russians report that some of the Germans are capturing and are thoroughly fed up with the Fuehrer and his bloody war, and this might indicate that there are young men who are losing their fanatical zeal for the Messiah.

That would be understandable, for the hand of death laid heavily on the Nazi ranks in Russia through the terrible winter.

We must assume, however, that it will take much to shake the loyalty of young Germany as a whole in Hitler's leadership. It might come in time, but it would be a mistake to look for it now.

And when the war is over and the allies have won—as they will—they will encounter the hold-over of this spirit of Hitlerism among the younger people of the fatherland. As Mrs. Roosevelt indicates, it will take long to teach them that they have been worshipping false gods.

## Getting Foodstuffs to Consumers Real Problem—Wickard

Washington, May 7—(AP)—Secretary of Agriculture Wickard declared today the war's strain on the nation's distribution system was placing "serious obstacles in the way of getting food to American consumers."

"In transportation—by rail, truck or ship—the situation is so tight," he said, "that we cannot afford to move anything that is not absolutely essential. x x x In fact, there is so much to be moved that usually it is a case of which essential product has priority over other essential goods."

Shortage of steel and other materials, the secretary said, are preventing construction of many new food processing plants that are needed. He mentioned specifically food dehydration and pork processing equipment.

In a speech prepared for delivery before a conference of governors and other state and federal officials on governmental laws and regulations which restrict the war effort, Wickard said many of the difficulties confronting the food industry were unavoidable.

## Sales Class Will Graduate Friday

A. H. Lancaster, superintendent of schools, announced today that a total of 171 persons had attended all or all but one session of the Victory Sales Training class and would receive the official Illinois certificate. Ted Case, the instructor, says he has never enjoyed better cooperation or better attendance from a town of this size.

He feels that many of the class members will find retail jobs at once and others will be gradually absorbed as the defense industries expand. This has been his experience in other comparable areas such as Rantoul, Crab Orchard and Belleville. He urges all merchants who desire to secure additional salespeople for immediate or future use to contact Miss Frances Patrick, secretary of the Dixon Chamber of Commerce.

Mrs. Case met with a number of local merchants recently and presented a comprehensive plan for a mid-summer style show to be conducted under the auspices of the public schools as a civic event. Those present favored the idea and a general meeting of the merchants will be held shortly to give Case an opportunity to fully detail the plan and the past success of a number of other towns with this same set-up.

## Weekly Food and Marketing Letter by Mrs. George Thurn for Dixon Telegraph Readers

Spring and salads. Those two words sound as inseparable as Christmas and candy or Christmas cookies.

Part of the springtime salad attraction is the eye-appeal of the young green things out of the garden, crisped and chilled and dressed to perfection. The salad bowl can be as bracing as a cold shower—and now we know that its delicious greens are full of vitamins and packed with indispensable minerals, among them manganese, which is said to be beneficial to the disposition. So cheer up with salads.

In the last year, nutritionists have had much to say on the virtues of raw spinach in salad. But many homemakers hold back, unconvinced, although they use all the other greens with enthusiasm—from endive to watercress. There is double incentive to explore the salad possibilities of raw spinach just now, for this is the season when the body most needs its mineral contribution—and the new spinach is at its tender best.

And don't think that men will balk at munching raw spinach, for a man has been telling nutrition groups from coast to coast how to serve this salad green—and it usually was the salad-mixing males who went up after the lecture to get the recipe. Chef George M. Mardikian of San Francisco is the internationally-known food authority who has been sharing his salad secrets voluntarily with clubs and defense classes.

Thorough washing, the cardinal rule for cooked spinach, is a number one "must" for the salad green. Probably many of the diners who balk at spinach salad have had the misfortune to crunch on hidden sand or grit.

Plunge first in lukewarm water, then lift the spinach quickly into a separate cold bath. Wash through several waters. Trim, drain and toss to remove surplus moisture. Draining is important, too; a "runny" salad spoils dressing and texture.

Cut in 1-inch lengths; season with a blend of pure olive oil and lemon juice. The oil may be omitted. This marinating is done just before adding the dressing. The spinach may be prepared, lightly wrapped in waxed paper and stored in the refrigerator until time to add the dressing, which is done just before serving. Have ready several hard-cooked eggs and ripe, chilled tomatoes. The savor dressing, of course, is the flavor secret, and I am giving you the originator's recipe, which is equally delicious with any crisp greens or mixed vegetable salads.

Lightly mix the cut spinach with dressing and desired number of chopped, hard-cooked eggs, ricing the egg yolks to top each portion. Garnish with wedges of fresh tomato and cooked asparagus tips. Make the (uncooked) dressing this way:

**Omar's Dressing**  
1 egg, unbeaten  
1/2 teaspoon dry mustard  
1/2 teaspoon white pepper.  
2 teaspoons salt  
3 teaspoons paprika  
2 tablespoons sugar

**Are you mortified by DIZZY FEELINGS?**  
Due to the "Middle-Age" Period in a Woman's Life?

Are you nervous, weak, fretful, blue at times, perhaps suffer dizziness, hot flashes and distress of "irregularities"—due to this cause?  
Then try Lydia E. Pinkham's Vegetable Compound—the best known medicine you can buy today made especially for women. Pinkham's Compound is famous to help relieve distress due to this female functional disturbance. It has thus helped thousands upon thousands of women thru trying symptoms of "middle-age." Also beneficial for younger women to help relieve distress of monthly functional disturbances. Follow label directions. Worth trying!

1 cup tomato sauce or puree  
1 tablespoon Worcestershire sauce  
1 pint salad oil  
1 cup vinegar  
Mix the raw egg and all dry ingredients, gradually adding tomato sauce or puree. Blend well. Slowly add oil and vinegar, alternately. Beat until mixture turns into dressing form; finally add warm water a little at a time. This yields one full quart of piquant dressing.

Store in a covered glass jar in a cool place. The main talking point about this salad special is that it keeps months under even refrigeration. If the dressing becomes "pasty" after long storage, thin with a little warm water when needed.

Talking about the new food-consciousness in the nation before a civilian defense group recently, Chef Mardikian declared that the present emergency is bringing nearer the day when America can boast a food tradition of its own. It will be a blending of all the old cultures, interpreted with the spirit and resource of the new world. Chef Mardikian, now an American citizen, represents one of the gone-but-not-forgotten countries, Armenia.

Armenian cuisine fits into the defense picture because it stresses simplicity and ingenuity. Geography limited the little nation's food supply and those restrictions inspired wholesome, subtly-flavored dishes built around rice, milk, cracked wheat and cabbage and grape leaves, usually stuffed and baked with savory rice and ground lamb combinations. High seasonings are avoided, favorite flavors being dried mint, lemon juice, chopped onion, parsley, and tomato. America's year-round access to fresh fruits and vegetables should be an inspiration to every homemaker, in the opinion of Mr. Mardikian.

Getting back to salads, all experts agree that one common sin is mishandling. A salad that looks too much handled is an abomination to the artist whose soul is in his work. Salads should be loose and free and unhandled.

In the childhood of the present generation of young homemakers, salad dressings in America were limited to two varieties. One was the "hot-sour" dressing made with bacon, vinegar and seasonings; the other was a boiled dressing which depended on flour or cornstarch for its thickening and contained sugar, vinegar and a few condiments. The hot-sour dressing was poured over dandelion greens or garden lettuce, making a hot salad, or was used on potato salad. The boiled dressing was designed for potato salad or coleslaw. There was one other choice, spiced vinegar, used as a marinade for tomatoes or sliced cucumbers.

Today's homemaker literally has hundreds of recipes available—including vitamin-rich citrus juices. Lemon juice now replaces vinegar in many recipes. She also can call on a wide variety of well-blended commercial dressings.

When you buy mayonnaise, remember that it may be varied to suit your salad. A few chopped fresh chives or chopped olives add interest. Blend whipped cream with mayonnaise for fruit salad. And if you are using commercial French dressing for your raw spinach salad, follow the seasoning suggestions in Omar's dressing, not forgetting the dry mustard and some extra lemon juice.

Now for the salad bowl, sharp knives and sharp appetites. Salad days are here.

**Fish Cutlets**  
Note: Use cooked, flaked fish; or canned crabmeat, lobster, salmon or tuna.  
2 cups (1 lb.) cooked or canned fish  
1/2 teaspoon salt  
Few grains cayenne or paprika  
Few grains nutmeg  
1 teaspoon lemon juice  
Yolk 1 egg  
1 teaspoon minced parsley  
1 cup hot thick cream sauce (see recipe)

1/2 cup fine dry crumbs  
1 egg, slightly beaten  
1 tablespoon cold water  
Shortening for frying  
Garnish of lemon wedges and watercress  
Remove bones and skin from fish and flake. (Drain canned fish well.) Mix ingredients in order given, blending well with hot cream sauce. Spread mixture in shallow pan and chill until stiff, at least 1 hour. Cut with biscuit cutter or in any desired shape.

**Lemonade**  
To juice from 1 lemon add 1 tablespoon of honey and stir until well blended. Add 1 cup of cold water. Serve over crushed ice in a large glass with a garnish of lemon. More honey may be used if desired.

**Honey Fruit Punch**  
Crush 1 large orange to a pulp. Combine with 1 cup of honey, 1 finely chopped banana, 1 cup of chopped pineapple, 1 quart of grape juice. Pour over ice. Let stand 20 minutes, then serve. This punch is fairly thick. The recipe will serve six people.

**Fruit Punch**  
A very tart fruit punch is made by mixing thoroughly the juice of 2 oranges and 2 lemons, 2 cups of grape juice, 2 cups of water and 1 to 2 teaspoons of honey. Serve ice-cold. This amount gives six servings.  
Home economists from the University of Illinois College of Agriculture, who tested the recipes, suggest a mixture of one-half water and one-half honey be made up and kept in the refrigerator for sweetening iced beverages. A delicately flavored honey is recommended for this purpose.

**Banana Apple Scallop**  
6 tart apples  
1 cup water  
1/2 cup granulated sugar  
1/4 teaspoon cinnamon  
1/4 teaspoon nutmeg  
6 firm bananas (all yellow)  
1 1/2 cups of graham cracker crumbs  
1/2 cup firmly packed brown sugar  
1/2 cup chopped nut meats  
Butter  
Peel apples, cut into quarters and remove cores. Add water, granulated sugar and spices to apples. Simmer until apples are tender. Peel bananas cut into 1/4 inch slices, and add to hot apple mixture. Turn into a well-buttered shallow baking dish.

Mix together crumbs, brown sugar and nuts. Sprinkle over fruit mixture. Dot crumbs with butter. Bake about 20 minutes in hot oven 400 degrees F. Serves 6 to 8.  
Serve with hot lemon sauce, plain or sweetened whipped cream.  
Note: Granulated sugar may be replaced with 1/4 cup honey or molasses.

**Scallions Au Gratin**  
If you cannot enjoy young raw scallions, try this: Take some scallions and a few potatoes: the number will depend on the size of the family. Boil the scallions quickly in a little hot water until tender. Boil and peel the potatoes. In a buttered baking dish, place alternate layers of the cooked scallions and potatoes until the dish is nearly full. Add 1 cup hot cream sauce. Sprinkle the top with grated cheese and a buttered crumbs and bake about 15 minutes in a moderate oven 375 degrees F.

**Honey French Toast**  
Serve it for breakfast or lunch:  
2 eggs, well beaten  
1 pint milk  
1/4 cup honey  
Sprinkling of grated nutmeg or mace  
6 to 8 slices bread (several days old)  
1/2 teaspoon salt  
Beat eggs until light. Warm the milk slightly and blend well with the honey. Add the salt, mace and beaten eggs and stir well. Cut bread about 1/2 inch thick. Dip each slice into the milk and egg mixture and place on a hot griddle that has been rubbed well with shortening. Brown nicely on both sides. Serve with butter and honey. Jam or marmalade are welcome with honey toast.

**Bits O' Kisses**  
1/2 cup sweetened condensed milk  
1/2 teaspoon baking powder  
1 1/2 cups shredded coconut  
1 heaping cup chocolate bits  
Mix together condensed milk, coconut and baking powder. Add chocolate bits and drop from a little distance apart on lightly greased cookie sheet. Bake in a slow oven 325 degrees F. 25 minutes until delicately brown around the edges. Yields 2 dozen.

**Sweet Thrift**  
Save syrup from canned fruits to sweeten other fruit, pudding sauces or beverages. A pinch of salt increases the sweetening power of sugar in cooked food. Remember this when stewing rhubarb.

**HONEY BEVERAGES**  
With the first hot summer day in Illinois, families will be seeking the refreshing coolness of home-made lemonade, orangeade or fruit punch to quench their thirst.

That will be the time for all resourceful housewives to bring forth tall, clinking glasses full of ice-cold honey-made beverages—

not at all daunted by the fact they are keeping an eye on the sugar supply.

**Lemonade**  
To juice from 1 lemon add 1 tablespoon of honey and stir until well blended. Add 1 cup of cold water. Serve over crushed ice in a large glass with a garnish of lemon. More honey may be used if desired.

**Honey Fruit Punch**  
Crush 1 large orange to a pulp. Combine with 1 cup of honey, 1 finely chopped banana, 1 cup of chopped pineapple, 1 quart of grape juice. Pour over ice. Let stand 20 minutes, then serve. This punch is fairly thick. The recipe will serve six people.

**Fruit Punch**  
A very tart fruit punch is made by mixing thoroughly the juice of 2 oranges and 2 lemons, 2 cups of grape juice, 2 cups of water and 1 to 2 teaspoons of honey. Serve ice-cold. This amount gives six servings.  
Home economists from the University of Illinois College of Agriculture, who tested the recipes, suggest a mixture of one-half water and one-half honey be made up and kept in the refrigerator for sweetening iced beverages. A delicately flavored honey is recommended for this purpose.

BUYING, BUYING, BUYING BONDS

There'll be big doings here Saturday. The streets will be crowded, the bands will play. Strangers and home-town folks will be shoulder to shoulder for Victory.

But say, there is more than just marching feet, waving flags and drums martial beat. For on our city's crowded street are the boys who went away. Their bodies of course are east or west.

North or south, wherever it's best to serve the U. S. A. But their silent presence is where ever they live. Urging all to give and give. That they may keep marching, rolling, flying.

So not in vain will be their dying. We must Stamps and Bonds, be Buying. Buying. Buying.

The mysterious shadows Of the lovely palm trees Swayed in the golden sunshine By the cool soft breeze refreshing.

The beach was sandy And it seemed inviting too The waves came on the shore As if to say, "How do you do."

Blue green waters rippling Seeming to do its duty On the beautiful lake at sunrise That place of lyric beauty.

To know Florida real well It's products you must eat, Feel it's soft cool breeze, It's really hard to beat.

Mount Morris—One of the largest meetings of the Mount Morris Woman's club in recent years was the May meeting held at the Pines State park when around seventy gathered at the lodge dining room for dinner, followed by an interesting nature talk by Mrs. Alice Hills, naturalist.

Immediately following dinner before Mrs. Hills' appearance during the brief business session the annual reports of the treasurer and president were submitted. Also given were summaries of the highlights of the 13th district convention at Rock Falls by Mrs. Carroll Boston, president, and Mrs. Etta Rittenhouse who attended as delegates.

In the election of officers for the 1942-43 year Mrs. Harold Hoff was selected as new president, and will be assisted by the following: Mrs. Robert Allen, first vice president; Mrs. Arthur Fetterolf, second vice president; Mrs. Leslie Watt, recording secretary; Mrs. M. C. Small, corresponding secretary; Mrs. Minnie Wilson, treasurer; Mrs. Carroll Boston, parliamentarian, and Mrs. August Hanke, director. Next year's nominating committee will include Mrs. Mrs. Ernest Boydston, chairman; Mrs. Harold Marcott, and Mrs. Ward Zimmerman.

The new officers who will be seated at the June meeting on June 1 at the home of Mrs. August Hanke are succeeding the following: Mrs. Carroll Boston, president; Mrs. Harold Hoff, first vice president; Miss Mary Wishard, second vice president; Mrs. Leslie Watt, recording secretary; Mrs. O. A. Hanke, corresponding secretary; Miss Kathleen Peugh, treasurer, and Mrs. Harold Marcott, parliamentarian. Mrs. T. J. Wilson is the retiring director.

Among the suggestions Mrs. Hills made in her talk was that it would be a good project for the local club to foster bird house building. She pointed out that the balance between cats and birds is not equal, that there are too few song birds. Her collection of colored slides of scenes at the Pines included numerous spring flowers which are now in bloom. A small group of women enjoyed a hike with the naturalist before dinner and she invited everyone to take advantage of the many attractions offered at this state park which is so conveniently located.

**Mother's Day Party**  
The Hamilton club held a Mother's Day party Tuesday afternoon at the home of Mrs. Vernon Hoffman. Her assistants were Mrs. Manlius Lovegreen and Mrs. Harry Magnuson. Twenty members were present. Miss Emma Dimmig was a guest. Mrs. Harry Magnuson had charge of the program which opened by all singing "Brighten the Corner Where You Are"; vocal duet, "You Are a Wonderful Mother" by Mrs. Vernon Hoffman and Mrs. Russell Brandenburg; poem, "A Mother Asks a Little," Edna Batten; poem, "To Mother," Blanche Gumbel; vocal duet, "That Wonderful Mother of Mine," by Mrs. Vernon Hoffman and Mrs. Russell Brandenburg; poem, "God Gave Us Each a Mother," and "Your Flag and My Flag," by Mrs. Harry Magnuson.

Mrs. Manlius Lovegreen read a toast to boys on land, sea and air and Mrs. Magnuson presented the three war mothers of the Hamilton club with a service flag. The three mothers are Mrs. Earl Foy, Mrs. C. W. Dimmig and Mrs. Hubert Forest. The program closed singing "God Bless America". Four tables of luncheon were enjoyed. High score prize was awarded to Mrs. Chris Dimmig, second high to Edna Batten and low to Mrs. Harold Hedgebeth. Delicious refreshments were served by the hostesses.

**I-Deal Club**  
Mrs. Raymond Peach was hostess to the I-Deal club on Tuesday evening. Three tables of bridge were at play. High score prize was awarded to Mrs. Leonard Brown and low score prize to Mrs. Leon Anderson. Mrs. Marvin Broers was a club guest. Mrs. Vernon Hoffman will be hostess in two weeks. Dainty refreshments were served.

**Junior-Senior Banquet**  
The annual Junior-Senior banquet was held Tuesday evening, May 5th in the high school gymnasium with sixty-two present. The tables were decorated in pink and silver. The theme carried out was western, the banquet being "The Last Round Up" For favors the senior girls received tiny cowboy hats and the senior boys received tiny saddles. The program is as follows: group song, "Deep in the Heart of Texas"; foreman, Francis Bangston; Junior Cowhand's welcome, "First Brandings", Marjorie Young; senior cowhand's response, "Headin' for the Last Round-up", John Ab-

bott; solo, "Wait for the Wagon", Montana "Slim" Melton; "Bushwacking", Range Rider Neale Anderson; "Senior Brandings", Oracle Audrey Alshouse; "Riding the Range", Noel Mosher; "Tumbling Tumble Weeds", Range girls; "Get Along Little Doggie", Range Boss Snider.

### Spring Chimney Cleaning Is Home Defense Measure

Sooty flues and chimneys are "fifth columnists" in a clean house. What may be just an hour's work this spring in defense of one's home may prevent an untimely fire next fall when rebuilding a home is out of the question, points out Miss Gladys Ward, extension specialist in home management, University of Illinois College of Agriculture.

Chimneys on single—as well as two-story houses are best cleaned from the top if the chimney is readily accessible from the roof, agricultural engineers at the college say. The most workable method which a home owner may employ is to fill an old bag with straw, attach a stout rope at each end of the sack and pull it up and down the chimney. The sack will not become lodged in the chimney if it can be controlled from an out let inside the house as well as from the roof.

Sometimes loose bricks or mortar fall into the chimney and lodge above the fireplace on the smoke shelf, making the flue less effective. These may be removed with a long pole, jointed red or pipe thrust down from above. When a chimney can not readily or safely be reached from the roof, the next best plan is to have the cleaning done commercially, the cost proving economical in comparison to the alternative of constant fire hazard. This method provides a thorough cleaning throughout the entire heating system, agricultural engineers point out.

Owners of recently constructed homes in which the chimney is well built and lined with flue tile probably will not need to worry about fire hazard from this source. However, if the house has been built for a long time and if the mortar has started to disintegrate at the roof line where the chimney is exposed, there may be considerable danger.

In this case, a smoke test should be made. This is done by building a smudge fire, then covering the top of the chimney with a wet sack or tight board and noting if the smoke pours out of crevices between the bricks. If the fault is in an exposed place, the home owner can repair it himself. If it is not where he can get at it, professional help should be called in.

Some families "burn out" the soot through the use of removers such as salt. If "burned out" regularly and carefully, the chimney will be fairly free of soot and other accumulations, authorities pointed out. When this practice is followed, it is best to pick a day when the roof is wet to avoid any trouble from burning particles of soot falling on the roof.

The danger is when the soot catches afire as a result of heavy firing during extremely cold weather and no one realizes that the flue is "burning out" until too late.

### International Stock Show is Called Off

Chicago, May 6—(AP)—The International Live Stock Exposition, largest agricultural show on the North American continent, will not be held this year because of its drain on transportation facilities needed for war purposes.

Cancellation of the barnyard world fair, held annually for 42 years, was announced last night after a meeting of directors. William Ogilvie, assistant manager, said directors had been advised that transportation officials in Washington opposed all large exhibitions because of the added load for railroads.

Last year's eight day exposition brought between 12,000 to 14,000 animals from all parts of the United States and Canada and 400,000 visitors. Cash realized by showmen who brought exhibits here was estimated at \$1,300,000, largest in history.

### Former Commander in Philippines Says "We Will Take Islands Back"

Chicago, May 7—(AP)—Maj. Gen. George Gruent, commander of the Army Sixth Corps area and formerly a commander of U. S. troops in the Philippines, predicts "we will take back the islands step by step from the south."

He told the Chicago Association of Commerce yesterday he expected guerilla action on Luzon, Cebu, Mindanao and Panay to take a great toll of the invaders. Reviewing the hardships suffered by the outnumbered defenders of Bataan and Corregidor, he said:

"I swear I don't know how they stood it as long as they did. They surpassed their country's greatest hopes. They endured hell to allow the United Nations to mass their strength elsewhere."

—Chicago Flower Show opens Thursday, May 14th. Tickets 50c if purchased before May 9th; at Dixon Evening Telegraph.

## Three Birthdays

Mr. and Mrs. Orville Sweet of Mt. Morris, Mr. and Mrs. Edward Totenhagen and daughter Ann Marie and Mr. and Mrs. Richard Minnier, and daughter Jean of Polo, enjoyed a scramble supper at the home of Mr. and Mrs. Laurence Reed on Saturday evening. The occasion was in honor of the birthday anniversaries of Myrna Reed, which occurred on April 27, Richard Minnier on April 30, and Edward Totenhagen on May 1.

William LaPlain spent Monday in Freeport.

Miss Irene Schreiner of Sterling spent the week end in the Ray Carley home.

Miss Ella Stine called on Mrs. Nettie Blair Tuesday.

## Registration

The sugar rationing registration was held in the high school building Monday and Tuesday under the supervision of Supt. John I. Masterson and Carl Summers, who is serving as school site administrator. The grade school teachers, Misses Jennie DeGraff, Marguerite Flora, Alice Michaels, Gladys Braun and Carl Summers, were assisted by the following volunteer registrars: Mrs. Emerson Smith, Bertha DeGraff, Dorothy Swift, Mrs. Harry Dietz, Mrs. Ben Buisler, Jr., Mrs. Donald Hiteman, Mrs. Walter Martens, Mr. and Mrs. Ralph Ragsdale, Mrs. Lyle Marks and Miss Florence Plagge.

of Sterling, Mrs. Dan Stoner, Mrs. Ed Kness and Karen, Mrs. Robert Traum and son Bobby of Chadwick spent Sunday in the Ray Carley home.

Mr. and Mrs. Herman Brandt spent several days in Marshalltown, Iowa, where they attended funeral services for Mrs. Brandt's cousin.

## Alumni

The F. H. S. alumni reunion will be held Saturday evening at 6:30 at the First Evangelical church. The invocation will be given by Rev. K. P. Mertz; introduction of classes '41 and '42 by Superintendent John I. Masterson; welcome by Mrs. Maude Reed, alumni president; response by Marile Gesin, class president of '41 and Virginia Mase, class president of '42, followed by a business session.

Appearing on the program will be the Misses Doris Mae and Betty Vietmeier, who will play a piano duet, there will be a vocal solo by Floyd Kanel and a piano solo by Donna Hiteman.

Alumni awards will be presented by David Taylor. A service pastor with alumni members enrolled in the U. S. armed forces will be read by Miss Marguerite Flora.

The high school song will be accompanied at the piano by Mrs. Lottie Janssen.

Immediately following the banquet you are invited to play your favorite card game in the agriculture room, adjoining the new gym at the high school. A dance is being held in the gym and tickets may be purchased from Milton Deuth or Wendall Duitsman.

The decorating committee have completed plans for very pretty banquet tables. The menu calls for creamed chicken and biscuits.

Get your cards mailed to Dave Taylor as early as possible. All alumni members are cordially invited and may bring a guest, providing banquet reservations have been made with Mr. Taylor.

The use of valve caps on valve stems not only provides double air-seal, but also prevents foreign material from reaching the valve core.

**Save Your Car's Life with D-X**

**D-X LUBRICATES UPPER-CYLINDER PARTS**

**The Motor Fuel.. THAT PROTECTS VITAL PARTS OF THE ENGINE**

Never were the advantages of D-X, the lubricating motor fuel, so important as now. D-X is, first, a high quality gasoline delivering the utmost in power, anti-knock and mileage. In addition, D-X provides upper-cylinder lubrication to those costly-to-repair parts, frequently inadequately lubricated by crankcase oil. Thus, D-X is different from ordinary gasolines... yet you pay no extra for it. Sold on a Money-Back Guarantee at any Diamond D-X service station.
